Swimming Pools Engagement Ends Soon

The opportunity to have your say on the South Gippsland Shire Council's Aquatics Options Paper ends soon.

The Paper was released in September and has been developed in response to the significant challenges facing Council's six aquatic facilities, including ageing infrastructure, changing visitation numbers, rising operating costs and the substantial investment required to renew pools.

We want to assure you that **no decisions have been made**. Community feedback will be considered alongside evidence about asset condition, visitation, operating and maintenance costs, future capital requirements, service provision, risks and Council's other strategic priorities.

There has been a good response to the survey so far, particularly from towns with a pool. It's important that everyone has the opportunity to have their say, whether you swim regularly, occasionally or not at all as decisions about our pools will likely affect our whole community.

Feedback closes **Sunday 6 December 2026.**
