

Mirboo North Ready for Refresh

Community members in Mirboo North have the opportunity to review the refreshed Mirboo North Structure Plan that identifies options to accommodate future growth in Mirboo North and in particular the town centre.

The new plan proposes some changes to planning policy and controls for land use, building and landscape, access and transport and open space.

The existing structure plan required a review to respond to changes that have taken place since the last plan was prepared and to assist with future decision making.

Individuals wishing to have their say can attend the community meeting or visit the information stall over the coming weeks:

Information Stall

Mirboo North Market, Baromi Park
Saturday 26 November, 9.00 to 11.00am

Community Meeting

Mirboo North Hall
Thursday 8 December, 5.00 to 7.00pm

Plans will be available to view at both sessions and the Mirboo North Library and Council's website www.southgippsland.vic.gov.au/MNRefresh during the consultation period from the 21 November to the 16 December 2016.

Residents also have the opportunity to have their say by completing a quick survey at www.surveymonkey.com/r/MNRefresh.

All community feedback received will be used to refine the final structure plan. The final plan will be presented to Council in early 2017.
