

## New road names in Foster

Council will begin a public consultation process by calling for community comment on two proposed new road names in Foster.

The first is off Elphicks Road with the proposed name of 'Stapleton Road'. The other road is off Devlin Street with the proposed name of 'Hendras Lane'.

The first road off Elphicks Road was created as part of a road opening to access properties along this road reserve and has been added to Council's Public Road Register. Naming the road will allow these properties to have an official address.

The road off Devlin Street is identified on Council's Public Road Register as access to the Foster Bowling Club.

Director Sustainable Communities and Infrastructure, Anthony Seabrook, said appropriate naming of roads was essential in identifying locations for emergency services, the delivery of goods and services and providing primary access to properties .

The proposed road name of 'Stapleton Road' is in recognition of Private Stapleton who passed away in Gallipoli in 1916 and had been the Minister of the Methodist Church in Foster.

'Hendras Lane' is in recognition of the Hendra family who have been in Foster since the early 1900s, owning property from the highway through to the Lower Franklin Road.

Letters will be sent to adjoining property owners inviting written submissions.
