

## Draft Foster Pool Masterplan Ready for Comment

South Gippsland Shire Council is seeking feedback from the community on the draft Foster Pool Masterplan.

The draft masterplan has been developed to help inform future capital works investments at the pool.

The plan shows areas of opportunity to improve access into and around the pools, renew existing amenities and add accessible and family change spaces.

It also shows areas where vegetation can be incorporated and include engaging and fun elements with water play spaces.

Otium Planning Group has completed significant consultation in the development of this draft, which has involved reviewing 117 community surveys.

Benchmarking was also conducted against pools in three other municipalities and discussions were held with community groups including:

- Foster Community Association
- Foster Primary School
- Foster Swimming Pool Association
- Prom Coast Aged Care
- Prom Coast Children's Centre
- South Gippsland Hospital in Foster
- South Gippsland Shire Council
- Sport and Recreation Victoria
- U3A- Prom Coast
- YMCA

The community will be able to provide written submissions to the draft plan until 6 April 2018. Submissions can be sent via email to [council@southgippsland.vic.gov.au](mailto:council@southgippsland.vic.gov.au) and mailed or handed in to Council offices at 9 Smith Street, Leongatha.
