Dear Panel Chair – Dalia Cook,

I write in response to the Directions issued following the Directions Hearing, on 7 September 2018.

Please find at Appendices A a copy of relevant correspondence between Council and referral authorities pertaining to the amendment.

Copies of the Framework Plans forming part of the amendment may be found at Appendices B. At this stage it is proposed to implement these Framework Plans into Council's existing format of Local Planning Policy Framework by thoroughly revising the order and format of the local settlement policies into a new series from Clauses 21.12 to 21.19. Council are familiar with the content and direction of Ministerial Direction 'The Form and Content of Planning Schemes' and will be working with DELWP in the near future to update Council's Local Planning Policy Framework to the Municipal Planning Statement. Council wishes to do this as one consistent project rather than reorganising just the parts of the Scheme that are affected by this amendment.

Key documents relating to the recently completed Planning Scheme Review may be found at Appendices C.

Please note that a copy of this information will be emailed and posted to the Panel. A copy will also be emailed to the parties and displayed on Council's website.
