

## Street stall to re-imagine Bair Street

Council will host a street stall to gain community ideas about the project to revitalise Bair Street.

The stall will provide the community with the opportunity to share its ideas for improvements to Bair Street as part of the Leongatha Streetscape Master Plan.

The location of the street stall on Lyon Street will enable a small glimpse into what may be possible in Bair Street and Gollers Lane.

The project has already received a positive response from the community, according to Planning Manager, Paul Stampton.

“Bair Street is at the heart of Leongatha,” he explained, “and this project is a once in generational opportunity to improve the retail core of the town thanks to VicRoads’ construction of the Leongatha Heavy Vehicle Alternate Route (due in 2016) that will return Bair Street to Council and the community.”

“It is important the community takes this opportunity to express their ideas.”

The street stall will be held on Lyon Street, just off Bair Street, between Otago Hotel and Forage and Grind on:

- Friday 27 November from noon to 3.00pm
- Saturday 28 November from 9.00am to noon.

People are encouraged to drop-in any time to provide feedback on the ideas so far and to contribute some of their own.
