SECTION A - PRELIMINARY MATTERS

A.1 WELCOME

Please ensure Mobile phones remain 'off' during the Council Meeting.

A.2 OPENING PRAYER

We pray to God to guide us so that the thoughts we have and the decisions we make this day, are in the best interests of the people of the South Gippsland Shire.

Amen

A.3 ACKNOWLEDGEMENT OF TRADITIONAL CUSTODIANS

The South Gippsland Shire Council respectfully acknowledges the Traditional Custodians of this Land, Elders past and present, their Spirits and Ancestors.

A.4 APOLOGIES

A.5 CONFIRMATION OF MINUTES

RECOMMENDATION

That the Minutes of the South Gippsland Shire Council Ordinary Meeting No. 365, held on 19 December 2012 in the Council Chambers, Leongatha be confirmed.

A.6 REQUESTS FOR LEAVE OF ABSENCE

A.7 DECLARATION OF CONFLICT OF INTEREST FOR COUNCILLORS

Any interest that a Councillor or staff member has deemed to be significant and has disclosed as either a direct or an indirect interest is now considered to be a conflict of interest. Conflict of interest legislation is in sections 77A, 77B, 78, 78A-D and 79 of the Local Government Act 1989. This legislation can be obtained by contacting the Council's Organisational Development Department (Governance) or by accessing the Victorian Legislation and Parliamentary Documents website at www.legislation.vic.gov.au. An interest may be by close association, financial, conflicting duties or receipt of gifts.

If a Councillor or staff member discloses any interest in an item discussed at any Council Meeting (whether they attend or not) they must:

- Complete a disclosure of interest form prior to the Meeting (forms are available from the Organisational Development Department – Governance).
- Advise the Chair of the interest immediately before the particular item is considered (if attending the Meeting).
- Leave the Council Chamber or Meeting room while the item is being discussed and during any vote taken (if attending the Meeting).

The Councillor or staff member will be advised to return to the Council Chamber or Meeting room immediately after the item has been considered and the vote is complete.

Councillors should check the Minutes of the Council Meeting to ensure their disclosure is recorded accurately.

Councillors are not required to disclose conflict of interest in relation to matters only considered at Meetings they do not attend.

Detailed information is available in Conflict of Interest in Local Government – A Provisional Guide with amendments to 1 October 2010.

Type of Interest		Example of Circumstance
Direct Interest		Reasonably likely that your benefits, obligations, opportunities or circumstances will be directly altered. Reasonably likely to receive a direct benefit or loss measurable in money. Reasonably likely that your residential amenity will be directly affected.
Indirect Interest	Close Association	A member of your family has a direct interest or an indirect interest. A relative has a direct interest. A member of your household has a direct interest.
	Indirect financial Interest	Likely to receive a benefit or loss, measurable in money, resulting from a change to another person's interest. Holding shares in a company or body that has a direct interest (subject to threshold) When a person with a direct interest owes money to you.
	Conflict of Duty	Manager or member of the governing body of an organisation with a direct interest. Trustee for a person with a direct interest. Past dealings in relation to the matter as duty to another person or body.
	Applicable Gift	Gifts valued at \$500 in previous 5 years. Election donations valued at or above \$500 in previous 5 years. Gifts other than election campaign donations that were received more than 12 months before a person became a Councillor are exempt.
	Party to the Matter	Initiated or became party to civil proceedings in relation to the matter.

Privacy

Council is required to keep minutes of each Council meeting. The minutes contain details of proceedings which may include personal information about community members disclosed as part of presentations, submissions and questions. The minutes of Council meetings are a public record and can be inspected by members of the public.

Council undertakes audio recordings of Council Meetings as a contribution to good governance and accuracy of minutes. An audio recording of this meeting is being made for the purpose of verifying the accuracy of minutes of the meeting. In some circumstances the recording may be disclosed, such as where Council is compelled to do so by court order, warrant, and subpoena or by any other law such as the Freedom of Information Act 1982. It should be noted that other people present at the meeting may be recording the meeting and Council has limited power to regulate this. Council has developed a policy to regulate recordings, "Sound Recording of Council Meetings". A copy of this policy is located on Council's website www.southgippsland.vic.gov.au. Further information or a copy of the policy or can be obtained by contacting Council's Organisational Development Department (Governance).

A.8 DECLARATION OF CONFLICT OF INTEREST FOR STAFF

Sections 80B and 80C of the Local Government Act 1989 require members of Council staff who have delegated functions and /or provide advice to Council or a Special Committee to disclose conflicts of interest. If Council staff have written, provided information/advice or approved a Council Report and have a conflict of interest it is the responsibility of that staff member to disclose the interest. Guidance to identifying and disclosing a conflict of interest is contained in Department of Planning and Community Development in '*Conflict of Interest A Guide for Council staff*', October 2011.

A.9 PETITIONS

Petitions (and Joint letters) are written requests that have been signed by a number of community members. According to the Local Law No.3 2010 petitions may be presented to Council by a Councillor. A petition presented to the Council must lay on the table until the next Ordinary Meeting of the Council and no motion, other than to receive the petition, may be accepted by the Chair unless the Council agrees to deal with it earlier.

The lead petitioner or person organising the petition may in presenting the petition to a Councillor at the Council Meeting speak briefly to its contents. At the same meeting a Councillor would accept the petition and introduce it to Council for formal noting and actioning by Council.

The Councillor presenting the petition is responsible for ensuring that they are familiar with the contents and purpose of the petition and that it is not derogatory or defamatory.

A.10 COUNCILLOR REPORTS

Cr Kennedy submitted a report regarding his attendance at Victorian Local Government (VLGA) Essential Mayor's Weekend.

REPORT ON VICTORIAN LOCAL GOVERNMENT 'ESSENTIAL MAYOR'S WEEKEND'

EXECUTIVE SUMMARY

Councillors operate in a complex environment and bring unique skills and insights to the role. The ongoing development of Councillors skills and their participation in relevant courses assists them in the performance of their roles. Additional pressures and workloads exist for the Mayor of the day, so attendance at specific events for mayors allows them the opportunities to develop their skills for the mayoralty role, discuss topical issues with other mayors and share their own experiences and concerns with their peers.

The Mayor, Councillor Kieran Kennedy attended the Essential Mayor's Weekend from Thursday 17 January to Saturday 19 January 2013. The course included three Master-classes, evening networking opportunities and reflection sessions for discussion between mayors.

This report is the Mayor's summary account of the Victorian Local Government (VLGA) Essential Mayor's Weekend. It is provided as an open and transparent means of sharing information with the community and Council on the topics covered during the weekend.

CONSULTATION

None

REPORT

Background

The Essential Mayor's Weekend was held from Thursday 17 January to Saturday 19 January 2013. The course included three Master-classes, evening networking opportunities and reflection sessions for discussion between mayors. 'Mayoral mentoring' sessions were also provided each afternoon with experienced former mayors from regional/ rural, interface, and inner metropolitan councils.

Master-class 1 – Leading the rates debate

This session was focused on how the Mayor can lead councillors through the challenges of the budget process, forecasting for four years and longer term objectives. This included key issues faced by local governments and the fiscal challenges that will emerge from Commonwealth and State budget restrictions, the expectations of citizens (ratepayers) and the need to offset cost of services with revenue streams. The key theme was responsible financial decision-making.

Master-class 2 – Governing, leading and surviving – starting the term

This session included presentations from four experienced Chief Executive Officers from across rural and metropolitan local governments. Each CEO made a brief presentation, which included:

- focusing on a shared vision, managing the dual role of mayor
- the importance of strong Mayor/CEO relationships
- understanding leadership principles, and
- the things that might occur in the year and potential responses.

Master-class 3 – Creating an elite team

This session focused on high-performance teams, and how to create the dynamics to achieve the desired culture within a team. This included considering the 'trademark' or 'brand' the council team will be known by – how they will be perceived by the local community.

Master-class 4 – The Council-CEO relationship – managing performance

In this panel session, two experienced former Mayors and a current CEO answered questions in a facilitated 'fireside chat' style and then opened to questions from the floor. Issues discussed included:

- why performance management is important and councillors role in this
- what happens if a CEO isn't delivering to the council's expectations
- how council can be clearer about the expected focus for the CEO and how to negotiate this
- how good quality performance feedback can be provided and how councillors can give useful insights to CEOs on their performance
- how CEOs benefit from the performance review process and what measurable key performance indicators (KPIs) look like.

During dinner with the Minister for Local Government, the Hon Jeanette Powell, Minister Powell covered several topics including:

- the Victorian Coalition Government's plans to improve Councils' transparency and accountability
- responding to community needs while remaining financially sustainable
- the Coalition Government's focus on improving how Councils calculate differential rates and report on their financial performance.

During dinner the following evening with the Shadow Minister for Local Government, The Hon Richard Wynne, Mr Wynne addressed Mayors on the challenges faced by local governments in meeting both Government requirements and community expectations. The Shadow Minister indicated he will remove the provision to 'opt out' of voting at Council Meetings. He will also have a full review of the Local Government Act and review the Conflicts of Interest to bring it back to an easier approach to apply. He also wants in the review of the Act to look at the means by which councils can borrow under Treasury criteria.

Discussion

Presentations by the Minister highlighted the importance of engaging with, and contributing to, the development of Ministerial Guidelines for Differential Rates to ensure they meet Council and community needs. This also highlighted the importance of engaging in the Department of Planning and Community Developments' development of a Local Government Performance Reporting Framework (LGPRF). The draft framework will include specific indicator sets and the intention is for compulsory implementation of the framework and indicators in the 2014-2015 financial year.

Proposal

Through the budget development and Council Planning phases apply the insight and learning from the weekend to assist the Council to develop as a high-performing team that can meet the coming fiscal challenges and develop a shared vision for the four year term of Council.

FINANCIAL CONSIDERATIONS

During the budgeting process Council will continue to demonstrate responsible financial decision-making in the context of the current fiscal challenges of Commonwealth and State budget restrictions and other unavoidable costs imposts.

Council will also continue to advocate for appropriate Differential Rate Guidelines and an appropriate Performance Reporting Framework to ensure development of cost effective tools and systems that support Council operation and provide value to the community.

RISK FACTORS

Councillors operate in a complex environment and bring unique skills and insights to the role. The ongoing development of Councillors skills and their participation in relevant courses assists them in the performance of their roles. Additional pressures and workloads exist for the Mayor of the day, so attendance at specific events for mayors allows them opportunities to better understand changes in legislation, views of other mayors and share their own experiences and concerns with peers on topical issues. Attendance at these events minimises the risks that can be associated with remaining too isolated or out of touch with changing issues within the industry.

CONCLUSION

The VLGA 'Essential Mayor's Weekend' was a valuable course providing insights into key responsibilities as a Mayor and opportunities to shape and support the function of Council during the coming year.

RECOMMENDATION

That Council note the report and key outcomes from the Victorian Local Government 'Essential Mayor's Weekend'.

2011.

COUNCIL PLAN

Strategic Goal:	5.0	A Leading Organisation
Outcome:	5.2	Systems and Processes
Strategy No:	5.2.5	Risk Management

CONSULTATION

The Audit Committee Report has been circulated to the Chair of the Audit Committee and the Chief Executive Officer for their endorsement.

REPORT

Background

The Audit Committee is an advisory committee, whose role is to oversee and monitor Council's audit processes, including internal control activities. The committee comprises of two independent community members and two Councillors (Councillors Kennedy and Fawcett). The Committee is independent from management but does not have any executive powers, management function or delegated financial responsibility. The number of independent community members was increased to three and Dr Irene Irvine was appointed as the third member by Council on 19 December 2012.

Some of the significant matters considered by the Audit Committee included:

- Risk Management;
- Fraud and Fidelity Review
- Compliance

In 2013 the Committee is scheduled to meet on 25 February, 27 May, 26 August and 25 November.

FINANCIAL CONSIDERATIONS

Funds for the internal audit function are allocated in the current and forward budgets.

Independent members are paid a meeting fee and travel expenses are reimbursed, both payable by Council. These are provided for in the Council Budget.

RISK FACTORS

The Audit Committee undertakes an integral and active role in risk mitigation (including financial and environmental) and ensuring organisational compliance with legislation.

RECOMMENDATION

That Council receive and note the report of the Audit Committee held on 19 November 2012.

Agreed during meeting that Committee meet four times with meetings scheduled for 25 February 2013, 27 May 2013, 26 August 2013 and 25 November 2013.							

SECTION D – PROCEDURAL REPORTS

D.1 ORGANISATIONAL QUARTERLY PERFORMANCE REPORT - OCTOBER - DECEMBER 2012, INCLUDING FINANCIAL PERFORMANCE REPORT

Corporate Services Directorate

EXECUTIVE SUMMARY

The organisational Quarterly Performance Report for the period October to December 2012 provides detailed reporting on Council's year to date performance against the 2012/13 Annual Plan and Budget and against Department Budgets.

The report's Executive Overview provides a high level summary across the organisation, while the Directorate Overviews delve deeper into the key highlights, issues, updates and events that have occurred during this reporting period.

This report does not capture every achievement during the quarter, however it focuses on key achievements that contribute to delivery of the corporate priorities. The contents summarise the performance for the quarter and the status of the Annual Plan and Key Strategic Activities as at 31 December 2012.

The Financial Performance Report, incorporated in the organisational Quarterly Performance Report, provides a high level analysis of Council's financial performance for the three month period from 1 October to 31 December 2012.

The organisational Quarterly Performance Report October to December 2012 is provided in **Appendix 1** for your information.

Document/s pertaining to this Council Report

- **Appendix 1** - Quarterly Performance Report October to December 2012

A copy of **Appendix 1** is available on Council's website:
www.southgippsland.vic.gov.au or by contacting 5662 9200.

INTERNAL POLICIES / STRATEGIES / DOCUMENTS

2012/13 Annual Plan

2012/13 Annual Budget incorporating 15 year Long Term Financial Plan and Key Strategic Activities.

COUNCIL PLAN

Strategic Goal:	5.0	A Leading Organisation
Outcome:	5.2	Systems and Processes
Strategy No:	5.2.6	Business Excellence

CONSULTATION

Each Department across the organisation has contributed to the report; providing highlights, outcomes and updates for the reporting period. The community was consulted during the Annual Plan 2012/13 preparation.

REPORT

Background

The 2012/13 Annual Plan, adopted by Council on 27 June 2012 set the indicators and activities, including the Key Strategic Activities, which would be reported within the Quarterly Performance Report to Council (Appendix 1).

In addition, the report contains key financial and Directorate updates during the October to December 2012 quarter.

Discussion

The report provides Directorate overviews which discuss key highlights, issues, updates and events that have occurred during this reporting period. Where possible, comparisons are made and reflected in graphs.

Of the 66 Annual Plan commitments 92% are on-track, 8% have already been completed and none of the commitments have been delayed. Nine of the 11 Key Strategic Activities (KSA) are on track with one activity complete and one activity delayed. The completed KSA supports high quality customer services, underpinned by a Corporate Service Charter and Dispute Resolution Policy, which has been endorsed by the Chief Executive Officer and the Executive Leadership Team. The delayed KSA relates to the current budget challenges with the weighted average of 5 key financial ratios (including indebtedness, underlying working capital ratio, self-financing, investment gap and underlying result for the 2012/2013 Budget) being below the target of 98%. This issue will be addressed by Council during the 2013/14 budget setting process.

A number of significant highlights during the October to December 2012 period include:

1. Another busy quarter cleaning up and repairing roads from rain and storm events that have occurred over the past two years. The cost to repair the roads has been estimated in excess of \$10 million.
2. Completed landslip works at:
 - a. Loch Poowong Road, Loch

- b. Wild Dog Valley Road, Wild Dog Valley
 - c. Clarkes Road, Hallston
 - d. Foster Mount Best Road, Mount Best
 - e. Nippards Track, Foster North
 - f. Silcocks Hill Road, Toora
 - g. Dollar Road, Dumbalk
 - h. Fairbank Road, Kardella
- 3. Contracts awarded for the delivery of the Capital Works Program.
 - 4. The Certificate of Occupancy received for the Sandy Point Community Centre.
 - 5. Planning has been undertaken for the Council Plan 2013-2017 including workshops with Councillors and development of new Business Planning documentation. Further work to develop the four year Council Plan and the 2013-2014 Annual Plan will be undertaken in coming months, including opportunities for community contribution as plans are developed.
 - 6. Increased inquiries have seen Council website hits increase by 28% this quarter compared to same time last year and telephone calls increase by 6% this quarter compared to same time last year.
 - 7. Australia Day Awards promotion attracted another large field of nominees with 22 received. Recipient selection completed by December.
 - 8. Council Election has been successfully conducted via across Department project team, with a plan to closely manage all Council project milestones being delivered and working closely with the Victorian Electoral Commission.
 - 9. Community Grants Round 1 were assessed and awarded by Council with 44 submissions received, of which 24 were approved for full or partial funding to a total value of \$133,309.
 - 10. Rates modelling system implemented to allow more effective comparison of rating options.
 - 11. State and National recognition of two Community Services Directorate programs which included:
 - a. LGPro Award for the Aged and Disability team in the Outstanding Team Contribution category for the South Gippsland Coordinated Care Team. This team operates as a partnership between

Council, Gippsland Southern Health Service and South Gippsland Hospital, which enhances client service co-ordination.

- b. Department of Education and Early Childhood Development award for the Maternal and Child Health's Supported Playgroup and Parent Initiative (SPPI) program "Cook n Book". The award included \$15,000 to continue the program in 2013. The program is run in partnership with West Gippsland Regional Library, Venus Bay Community Centre and Best Start and has a focus on reading, healthy eating and dental hygiene.
- 12. The Maternal and Child Health team successfully facilitated a new program "Circle of Security". It is an intensive 10 week program for mothers of young children which builds their understanding of early attachment support, child development and parenting skills.
- 13. 500 senior citizens enjoyed the annual Senior Citizens Festival. This festival is about celebrating the contribution our seniors have made and will continue to make in our community. It fits within the context of Council's Active Ageing Strategy and continues to grow in popularity.
- 14. The Strategic Project Manager for the Advancing Country Town's completed his term of appointment with 8 project initiatives financially supported and auspiced for implementation by a range of organisations and groups. An investigation into the use of existing trestle bridges at the Black Spur section of the Great Southern Rail Trail was approved by Council and has the potential to save significant costs should the capital project proceed.
- 15. Community Strengthening assisted over 120 different community organisations by providing direct support with project planning, education and training, loan of equipment, accessing and applying for grants, specific networking and promotion of activities.
- 16. All of the outdoor swimming pools opened on 1 December and are enjoying high participation rates, thanks to the hot weather and the commitment of the volunteers who support the pools.
- 17. In partnership with Bass Coast Shire, the Emergency Management team conducted its annual bushfire information session in Melbourne for absentee landholders. The well attended session provided participants with up to date information about the bushfire season and protecting their properties.
- 18. A public place recycling trial commenced in the Venus Bay and Tarwin Lower area over the summer period and has been strongly embraced by the local businesses. Litter prevention cameras were also installed in several hotspots across the Shire to aid the reduction in illegal dumping.
- 19. Statutory Planning approval statistics are well above the regional average. Approvals included a permit for the Toora Milk Factory and a

successful grant application to upgrade the Stony Creek - Dollar Road to aid the recently approved Stony Creek Broiler Farm. VCAT also affirmed the original planning decisions of Council at three appeal hearings during this quarter.

20. The Leongatha Parking Strategy and Amendment C70 Korumburra Structure Plan were adopted by Council and the draft of the Municipal Domestic Wastewater Management Plan has been developed.
21. Coal Creek visitation was up 19% on the same quarter last year. This was boosted by strong support for the Literary Festival and Halloween events. Consultation for the Coal Creek Feasibility Study and Business Plan has been completed and the draft study has been prepared and released for public exhibition.
22. Building works were up 16% this quarter relative to the same quarter last year. This was boosted by the \$9.1 million Leongatha Secondary School redevelopment.
23. The fire prevention team has been busy with approximately 1,300 fire prevention notices issued this quarter, requiring property owners to cut grass and/or remove combustible material.
24. Economic Development released the 27th 'Business Plus' newsletter, and work has commenced on the Toora and District 'Live, Work, Invest' Prospectus.
25. Another great opportunity to showcase the attractions of the Shire was provided by the Great Victorian Bike Ride stop-over at Mirboo North. Council assisted coordination of the stop-over which welcomed 4,028 participants to the town.

The Financial Performance Report

The Financial Performance Report section of the Quarterly Report contains detailed reporting on:

Section 1 - Year to date financial performance and projected financial results.

This section discusses variations in year to date performance and budget projections. The information is presented in the budgeted financial statements format.

Section 2 – Annual year to date financial analysis.

This section analyses the financial performance for the period ending December 2012.

Section 3 – Long Term Financial Plan analysis.

This section benchmarks and strategically analyses the financial impact of the year's financial results against the adopted Annual Budget, Long Term Financial Plan and Long Term Financial Strategies.

FINANCIAL CONSIDERATIONS

Activities within the Council 2012/13 Annual Plan are funded through the 2012/13 Budget.

The Financial Performance Report, incorporated in the organisational Quarterly Performance Report, provides a high level analysis of Council's financial performance for the three month period from 1 October to 31 December 2012.

The weighted average of 5 key financial ratios (including indebtedness, underlying working capital ratio, self-financing, investment gap and underlying result for the 2012/2013 Budget) is below the target of 98%. This issue will be addressed by Council during the 2013/14 budget setting process.

RISK FACTORS

Council has been encumbered by a significant unfunded superannuation call, received reduced Victorian Grants Commission funding and incurred other unavoidable cost events that require Council to be cautious in its financial management as it considered ways to address these unexpected impacts.

CONCLUSION

It is recommended that Council receive and note the organisational Quarterly Performance Report. The Report provides an overview of Council's performance against both Department Budgets and the Annual Plan and a high level analysis of Council's financial performance for the period October to December 2012.

RECOMMENDATION

That Council receive and note the organisational Quarterly Performance Report (Appendix 1) for the period October to December 2012.

D.2 COUNCILLOR DISCRETIONARY ALLOCATION REPORT

Corporate Services Directorate

EXECUTIVE SUMMARY

Each Councillor, subject to an annual budget and in accordance with the Councillor Discretionary Fund Policy, has the discretion to nominate Council funds to community groups and/or individuals in accordance with the guidelines developed for this purpose.

This report details Councillors allocations for the period between 7 November 2012 and 22 January 2013.

INTERNAL POLICIES / STRATEGIES / DOCUMENTS

Councillor Discretionary Fund Policy 2009

COUNCIL PLAN

Strategic Goal:	1.0	A Vibrant, Engaged Community
Outcome:	1.2	Active, Resilient Community
Strategy No:	1.2.1	Community Partnerships

REPORT

Background

The following applications have been allocated funding from the stated Councillor's 2012/2013 Discretionary Fund:

- Prom Coast Arts Council Inc: to assist with the costs of purchasing new curtains at Mossvale Park Amphitheatre.

Cr Mohya Davies - \$110

Cr Jeanette Harding - \$110

Cr Kieran Kennedy - \$110

Cr Lorraine Brunt - \$110

Cr Robert Newton - \$110

Cr Andrew McEwen - \$110

Cr James Fawcett - \$110

Cr Don Hill - \$110

Mayoral (Cr Kieran Kennedy) - \$120

- Learning Stones Work Team auspice by Nyora Primary School: to assist with costs of running the 'Learning Stones' project.

Cr Kieran Kennedy - \$200

Cr Mohya Davies - \$200

Cr Jeanette Harding - \$200

Cr Robert Newton - \$200

Mayoral (Cr Kieran Kennedy) - \$200

- Foster War Memorial Arts Centre: cover costs of hall hire for community Carols

Cr Kieran Kennedy - \$92

- Meeniyan Progress Association Inc: reimbursement costs for Meeniyan's 40th Art and Craft Exhibition held over the Melbourne Cup Weekend in November.

Cr Robert Newton - \$250

Cr Andrew McEwen - \$250

- Bena Hall Inc: to assist with the installation of three ceiling fans.

Cr Robert Newton - \$500

- South Gippsland Wind Orchestra: reimbursement costs for purchasing of chairs which are used for rehearsals and performances

Cr Robert Newton - \$250

- Mirboo North Christian Centre Inc: provide candles for community carols at Mirboo North

Cr James Fawcett - \$277

- Back to Basics Playgroup: to assist with cost of reconstructing the degraded wooden platform and turn it into a child friendly play pirate ship.

- Cr James Fawcett - \$300

FINANCIAL CONSIDERATIONS

Each Councillor is allocated \$4,000 from the Councillor Discretionary Fund in the 2012/2013 Financial Budget. An additional \$2,000 has been allocated to the Mayor to cover a broader focus across the entire Municipality.

The previous Council had a pro-rata allocation of \$1,300 per Councillor from the 2012/2013 Financial Budget for their remaining term within Council. The Mayor had an additional pro-rata allocation of \$650 for his remaining term from the 2012/2013 Financial Budget. The remaining pro-rata funds have been distributed to the newly appointed Council in accordance with the Guidelines. This has equated to \$2,818 per Councillor and \$1,800 for the Mayor for the remainder of the financial year.

CONCLUSION

The remaining balances of Councillor Discretionary Funds for the 2012/2013 Financial Year as of 22 January 2013 are as follows:

- Cr Mohya Davies - \$2,508
- Cr Jeanette Harding - \$2,508
- Cr Kieran Kennedy - \$2,416
- Cr Lorraine Brunt - \$2,708
- Cr Robert Newton - \$1,508
- Cr Andrew McEwen - \$2,458
- Cr James Fawcett - \$2,131
- Cr Don Hill - \$2,708
- Cr Hutchinson-Brooks - \$2,818
- Mayoral Fund - \$1,480

RECOMMENDATION

That Council receive and note this report.

D.3 COUNCILLOR EXPENDITURE REPORT - 31 DECEMBER 2012

Corporate Services Directorate

EXECUTIVE SUMMARY

The Councillor Expenditure Report (**Attachment 1**) provides Council with a quarterly update on Councillor Expenditure from 1 July 2012 to 31 December 2012, as resolved in 2003.

Document pertaining to this Council Report

- **Attachment 1** - Councillor Expenditure

LEGISLATIVE/ ACTION PLANS/ STRATEGIES/ POLICIES

Local Government Act - Section 75 Reimbursement of expenses of Councillors

Councillor Support and Expenditure Policy

COUNCIL PLAN

Strategic Goal:	5.0	A Leading Organisation
Outcome:	5.1	Good Governance
Strategy No:	5.2.3	Financial Management

REPORT

Background

The Councillor Expenditure Report (Attachment 1) provides Council with an update on Councillor expenditure from 1 July 2012 to 31 December 2012.

Councillor expenditure is reported on a cash basis, and no adjustments are made for 'pre-paid expenditure' except at financial year end.

FINANCIAL CONSIDERATIONS

Expenditure is in line with budget. However Councillor allowance budgets have not been profiled to take into account pre-payments made in the previous year (2011-12), but will be within budget for the year (2012-13).

RISK FACTORS

Transparency in reporting is a risk management control measure that allows the community and Council to view the financial management and expenditure of Councillors.

RECOMMENDATION

That Council receive and note the Councillor Expenditure Report for the period 1 July 2012 to 31 December 2012.

D.4 REPORT ON ASSEMBLY OF COUNCILLORS - DECEMBER 2012 AND JANUARY 2013

Corporate Services Directorate

EXECUTIVE SUMMARY

As part of Council's ongoing efforts to enhance community engagement in Council processes, matters discussed at Councillor Briefing Sessions (other than those matters designated to be of a confidential nature) are reported on at Ordinary Council Meetings.

The matters listed in this report were presented or considered at either an Advisory Committee Meeting, Councillor Strategic Briefing Session or Public Presentation Session in December 2012 and January 2013.

Copies of responses to written questions presented and asked that were not answered at the meetings will be either provided as an attachment to this report or to a subsequent Council Meeting as is practicable to enable the development of a proper and informed response.

D.5 DOCUMENTS SEALED - DECEMBER 2012 & JANUARY 2013

Corporate Services Directorate

EXECUTIVE SUMMARY

Under the Victorian Local Government Act, each Council is a body corporate and a legal entity in its own right. Each Council must have a common seal (like any corporate entity) that is an official sanction of that Council.

Sealing a document makes it an official document of Council as a corporate body. Documents that require sealing include agreements, contracts, leases or any other contractual or legally binding document that binds Council to another party.

LEGISLATIVE/ ACTION PLANS/ STRATEGIES/ POLICIES

Local Government Act 1989 - Section 5

Local Law No. 3 2010

COUNCIL PLAN

Strategic Goal:	5.0	A Leading Organisation
Outcome:	5.2	Active, Resilient Community
Strategy No:	5.2.5	Risk Management

REPORT

The Local Government Act 1989 requires that every Council must have a common seal and all courts, judges and persons acting judicially must take judicial notice of the imprint of the common seal of a Council on any document.

Local Law No. 3 2010, Part 9, Section 107 (f) (iv) – The Common Seal of Council, states that ‘If the Chief Executive uses the Common Seal in a manner prescribed by sub-clause (c) then he/she must advise Council of such use on a regular basis.’

In accordance with the Local Law, the following are presented to Council as documents sealed in the months of December 2012 and January 2013.

26. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 15 Allison Street, Leongatha in relation to a 3 lot subdivision and certification – Seal Applied 11 December 2012.

27. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 16 Graham Avenue, Venus Bay in relation to a single dwelling and vegetation removal – Seal Applied 11 December 2012.
28. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 1224 Leongatha Yarragon Road, Hallston in relation to a 2 lot subdivision – Seal Applied 11 December 2012.
29. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 41 Thorpdale Road, Mirboo North in relation to a 3 lot subdivision and certification – Seal Applied 11 December 2012.
30. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 56 Stewart Street, Port Welshpool in relation to construction of a dwelling – Seal Applied 17 December 2012.
31. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 75 Landing Road, Foster & 77 Landing Road, Foster in relation to construction of a 2 lot subdivision – Seal Applied 17 December 2012.
32. Contract SGC13/14 between South Gippsland Shire Council and Sure Constructions Pty Ltd in relation to reconstruction of Kongwak-Inverloch Road, Kongwak - Seal Applied 18 December 2012.
33. Contract SGC13/13 between South Gippsland Shire Council and Sure Constructions Pty Ltd in relation to rehabilitation of Stony Creek Road, Stony Creek - Seal Applied 18 December 2012.
34. Section 173 Agreement of the Planning and Environment Act 1987 between South Gippsland Shire Council and the owner of 37 Lees Road Venus Bay in relation to construction of a single dwelling – Seal Applied 2 January 2013.

SECTION E - COUNCIL REPORTS

E.1 DEVELOPING A 2050 COMMUNITY VISION

EXECUTIVE SUMMARY

The Councillors, elected in November 2012, have been meeting throughout December and January to build a shared understanding of the issues facing Council. They have been drawing together themes that may guide the direction of Council over the next four years and into the future.

Councillors have indicated that engaging with the community on the creation of a shared vision for the future of the Shire and encouraging continued interaction on matters that will guide the development of the Shire, are fundamental elements that will inform their decision making responsibilities.

This report provides a summary of the themes being emerging from the workshops and recommends that a process for community engagement commence towards developing a shared long term 'Community Vision'.

COUNCIL PLAN

Strategic Goal:	5.0	Good Governance
Outcome:	5.1	Good Governance
Strategy No:	5.1.2	Leadership

CONSULTATION

Councillors and the Executive Leadership Team participated in a two day workshop on the 4 and 5 December 2012 to build an understanding of issues and opportunities facing the Shire and commence planning for the future of the Shire and the Council.

Councillors participated in a further two day workshop on 23 and 24 January to develop future plans and discuss various themes emerging.

A final workshop was held between Councillors and the Executive Leadership Team on 30 January to review the discussions to date, commence articulating

the main themes emerging and to determine a way to involve the community in developing a shared 'Community Vision' for the Shire.

REPORT

Background

As part of the Council 2012-13 Annual Plan, Council committed to adopt a four year Council Plan and commence development of a Community Vision 2050 by 30 June 2013. The current Community Vision 2020 was developed in 2001-2002. The year 2020 is only seven years away and there have been many changes and developments since 2001. Given this, it is timely for the community to come together and develop a new shared vision to shape the focus of both Council and Community endeavours over coming years.

The Councillors indicated through the workshops that community engagement is the core element in determining the future of the Shire. Councillors have identified a number of themes that they consider are important for the future development of the Shire. These are outlined in summary form in the 'Discussion' section to follow.

Councillors have also requested that Council give consideration at the Council Meeting on 27 February to commencing the process to develop the Community Vision 2050 as soon as practicable.

The development of the Council Plan 2013-2017 has legislative constraints that must be met by Council. These include:

1. A four year Council Plan must be adopted by Council and a copy provided to the Minister for Local Government on, or by, 30 June 2013.
2. Prior to this, a formal engagement process under Section 223 of the Local Government Act is required. A draft Council Plan is to be available for public comment for a minimum of 28 days and community members are encouraged to submit formal written submissions during this time.
3. Community members wishing to speak to their submission are to be provided an opportunity to do so at a Public Hearing, prior to the Council Plan being adopted.

There are no legislative requirements in place for the development of a Community Vision, however it has become common practice in many Victorian councils to have a long term Community Vision.

Discussion

On 30 January, ten themes were pulled together from the discussions that have been held by Councillors over the past two months. These themes, while only in a draft form at this stage, begin to articulate the focus of the Council for the coming four years. These themes will begin to influence the development of the Council Plan 2013-2017. They will be provided as a

starting point for discussions with the community on the Council Plan and a new Community Vision 2050:

Overarching theme: An engaged community with a clear vision for the future development of the Shire - seeking to:

1. Diversify revenue streams to reduce pressure on rates. Considerations include:
 - a. undertake feasibility studies for alternative revenue sources;
 - b. to have a population strategy discussion for sustainability of the Shire.
2. Better engage with the community and work collaboratively with them. Considerations include:
 - a. working with a community task force to develop a vision for the future of Korumburra.
3. Upgrade and develop appropriate modern community service and facilities as Council can afford them. Considerations include:
 - a. reviewing the community planning process to ensure priorities are established and integrated into budgeting and relevant Council strategies and plans.
4. Attract new business and upgrading the character and attractiveness of our towns.
5. Work with the business community to diversify business and employment opportunities. Considerations include:
 - a. development of a collaborative economic development committee;
 - b. availability of appropriately located industrial and commercial land across the Shire;
 - c. assisting the appropriate provision of transport and road infrastructure;
 - d. promote the tourist potential of the Shire;
 - e. assisting in the diversification and intensification of farming;
 - f. research the needs for peak tourist facilities in coastal areas and liaise with agencies;
 - g. advance the Corner Inlet tourism development project;
 - h. explore the development of branding of the Shire;

- i. utilising waste for bio-energy facility and bio-composting; and
 - j. working together with farmers to facilitate economic development.
6. Implement an integrated approach to development that incorporates community and physical infrastructure and financial modelling.
7. Work with stakeholders to raise the political awareness of state and federal decision makers of local and regional issues.
8. Improve communication with residents. Considerations include:
 - a. social media strategy;
 - b. marketing;
 - c. community educational about Council services.
9. Work towards improving the sustainability of finances for the Shire. Considerations include:
 - a. review rating differentials;
 - b. ensuring that any Council businesses are run on commercial terms as far as practicable;
 - c. set affordable service standards;
 - d. ensuring an integrated approach to planning and infrastructure development.
10. Pursue best practice in organisational development and operations of the organisation.

Proposal

The legislative constraints on the development of a Council Plan make it difficult to undertake an extensive community engagement process to gather the views, aspirations and priorities of a diverse community in the narrow window of time available under the Local Government Act 1989.

Far greater flexibility exists in the development of a new Community Vision.

To ensure both important documents can be informed by the community, it is proposed that Council establish a working 'Community Vision 2050 Committee' to develop a long term vision document for the Shire. The committee would be appointed to:

1. Develop a methodology to engage the community in the development of a Community Vision 2050;

2. Participate in a skills training workshop for facilitating community engagement into future's thinking and visioning aspirations;
3. Act as a working group that engages the community in surveys, workshops, focus groups and other methodologies determined by the committee, to develop the Community Vision 2050;
4. Present regular information and progress updates to Council through Briefing Sessions and to present draft Community Vision documents to Council at Public Presentation sessions;
5. It is anticipated that the Community Vision 2050 Committee would present a final document to Council for adoption by September 2014;
6. Draft a 'Community Engagement Charter' for the Shire; and
7. Inform the Council Plan 2013-2017 by providing feedback on community information gathered in surveys, forums or workshops and commenting at various stages on the draft Council Plan.

It is proposed that a working committee consist of two Councillors available during normal working hours, a dedicated Project Officer, key staff involved in community engagement and Council Plan planning activities, a consultant appointed for specific activities, and up to 10 members of the community representing various sectors of the community including as far as practicable, but not limited to:

1. Economic development and/or tourism sector;
2. Arts and culture sector;
3. Industry and/or the commercial sector;
4. Farming and/or agriculture sector;
5. Families and/or young people;
6. Older people and/or those with disabilities;
7. Health and well-being sector; and
8. Passive and active recreation.

It is proposed that Council appoint two Councillors, along with one substitute Councillor, to the Community Vision 2050 Committee. It is further proposed that an Expression of Interest process be undertaken seeking community members from the various sectors to be voluntary members of the Committee. Councillors are encouraged to provide names of potential community members to the Director Corporate Services in the coming week that may be interested in being involved in the Committee. A recruitment style process would be used to determine a representative mix of community members and seek their commitment to being involved. Unsuccessful

community members would be invited to participate in the various engagement activities for the project.

It is also proposed that Council engage a consultant to assist the Committee in facilitation skill development and to be an independent facilitator for a major community workshop.

It is further proposed that Council appoint a dedicated Project Officer to coordinate the project, organise and administer Committee meetings, organise and administer community forums and workshops, provide progress briefings and reports to Council and to develop the draft and final Community Vision.

An initial project timetable is provided in Attachment 1 - Community Vision 2050 Committee – Proposed Project Timeline.

While the timeline may seem quite long, it is important to understand that Councillors, community representatives, community groups and staff all have many other commitments that require their attention. This project will be only one task among many that need to be completed within the coming twelve months. Engaging extensively with the community takes a great deal of time. The success of this project will be largely based on the effectiveness of that engagement with many sectors of the community.

FINANCIAL CONSIDERATIONS

Adequately resourcing community engagement activities can be challenging. Many Council Officers are actively involved in a range of community engagement activities and they will be able to use their existing networks to assist in the development of a Community Vision. Given the interest Council has in reaching out to many sectors of the community, it is considered that additional resources will be required to support this initiative over the coming 20 months.

Council will be able to consider the financial implications of resourcing this project properly as part of the budget preparation for the 2013-2014 financial year. These costs would need to cover surveys, catering, advertising, mail outs, venue hire and associated costs.

As an interim, and as a means of commencing this project as soon as practicable, it is recommended that Council allocate \$30,000 to cover the cost of catering, venue hire, printing, advertising and appointing a consultant to commence the program through to the end of June 2013. The \$30,000 for this financial year could be covered within the Corporate Services Directorate budget through the transfer of salary funds from vacancies throughout the year.

It is also recommended that Council approve funding for a Project Officer to manage this project from the outset. This would be a part time position (4 days per week) for a period of 20 months estimated cost is \$150,000. It is anticipated that the first four month's salary of approximately \$30,000 can

also be covered through a transfer of salary funds from vacancies throughout the year. The remaining expenses would require allocation of a 0.8 EFT for a senior position for the remainder of the project.

RISK FACTORS

Ownership and understanding of the complexity of issues Council faces in setting the direction of the Shire are best appreciated by community members who are informed and engaged in the process. If engagement of a broad cross section of the community is not achieved, the vision will not adequately represent the diversity of needs, views and aspirations of communities of interest within the Shire. This can only be achieved with adequate resourcing as outlined in this report.

CONCLUSION

Councillors have indicated that engaging with the community on the creation of a shared vision for the future of the Shire and encouraging continued interaction on matters that will guide the development of the Shire, are fundamental elements that will inform Council decision making responsibilities.

The establishment of a working committee administered by a dedicated Project Officer with representatives from Councillors, Council Officers and representative sector community members to develop an engagement driven Community 2050 Vision with the broader community, is recommended as a first step to meet this objective.

RECOMMENDATION

That Council:

- 1. Establish a Community Vision 2050 Committee to commence work on a community engagement process for the development of the Community Vision 2050 and a Community Engagement Charter;**
- 2. Appoint Councillor _____ and Councillor _____ as the Councillor Representatives for this committee and Councillor _____ as a substitute;**
- 3. Authorise for the two appointed Councillors to the Committee, the Director Corporate Services and the Director Community Services to establish the remainder of the committee with relevant key staff and up to 10 community members who are representative of various sectors, Wards and broader community interests;**
- 4. Approve an initial budget of \$60,000 from salary vacancies year to date to commence the project immediately;**
- 5. Approve a Project Officer of 0.8EFT for an initial period of 20 months to manage the delivery of the Community Vision;**
- 6. Consider additional resourcing requirements in the development of the 2013-2014 budget to complete the project; and**
- 7. Utilise the themes outlined in this report as a commencement point to inform the development of the Council Plan 2013-2017 and the Community Vision 2050.**

E.2 LAND REALISATION PROJECT

Engineering Services Directorate

EXECUTIVE SUMMARY

A report to Council on 19 December 2012 discussed the Land Realisation Project and to which the Council resolved to defer any decisions pending further information on resource implications to be presented at its meeting on 27 February 2013. This report is presented to Council to propose a further deferment whilst Council:

1. Discusses the criteria behind the Land Realisation Project; and
2. Considers its community engagement strategy.

Document/s pertaining to this Council Report

- Draft Economic Development and Tourism Strategy
- Individual township plans and strategies

COUNCIL PLAN

Strategic Goal:	5.	A Leading Organisation
Outcome:	5.2	Systems and Processes
Strategy No:	5.2.2	Asset Management Planning

CONSULTATION

Consultation has included briefings and reports to Council with the last report to Council on 19 December 2012 at a closed session.

At the meeting on 19 December 2012, Councillors moved to make the report open to the public. Accordingly, the community are aware of this project.

Councillors are currently discussing the criteria of the Land Realisation Project and considering the community engagement strategy for delivery.

REPORT

Background

A review of Council's property holdings has resulted in a list of properties that have potential for project development and/or land sale. It is referred to as the Land Realisation Project (the Project). The last report to Council at its meeting on 19 December 2012 discussed this Project and resulted in a motion to adopt the following resolution:

"That closed item 7 - Land Realisation Project is deferred to ordinary Council Meeting 27 February 2013 in order to compose a new motion that has considered resource implications and that Attachment 1, 2 and 3 remain confidential and that Attachment 4 be made public."

Discussion

As noted in the above resolution, Council has requested consideration of resource implications.

In order to properly consider resource implications, it is necessary to understand the preferred criteria for the Project and the community engagement strategy for delivery.

Proposal

It is proposed to defer addressing the Council resolution of 19 December 2012 until Council has had time to consider its requirements for this Project.

FINANCIAL CONSIDERATIONS

There are no financial considerations for the purpose of this report.

RISK FACTORS

There are no adverse risks to Council in deferring this matter.

CONCLUSION

Any project that includes a potential sale or development of Council land will attract the interest and attention of the community. For this reason, it is recognised that careful consideration to the extent of community engagement is given. On occasion, it is appropriate to go beyond Council's legislative requirements for public notification provided by the Local Government Act, 1989. To successfully deliver the Project, the community engagement strategy should be contained within a dedicated time period. This will provide necessary information to determine resource implications.

RECOMMENDATION

That Council defer consideration of resource implications for the Land Realisation Project (Project) until the 24 April 2013 Council Meeting.

STAFF DISCLOSURE OF INTEREST

E.3 CAPITAL WORKS PROGRAM 2012/13 AMENDMENTS

Engineering Services Directorate

EXECUTIVE SUMMARY

The purpose of this report is to recommend the following budget adjustments be made to the 2012/13 Capital Works Program:

1. Include in the 2012/13 Capital Works Budget a new item for urgent Road Failure Stabilisation Works throughout the Shire totalling \$656,600.
2. Defer the remaining 2012/13 Station Street, Korumburra Rehabilitation budget of \$527,200 to the 2013/14 budget in order to carry out more urgent road failure works. The remaining \$527,200 in the 2012/13 Capital Works Budget be reallocated in the 2012/13 Capital Works Budget to carry out urgent Road Failure Stabilisation Works throughout the Shire.
3. Reduce the 2012/13 Bridge Street, Korumburra budget from \$194,400 to \$65,000 with the remaining \$129,400 also being reallocated to the funds required to carry out the identified urgent Road Failure Stabilisation Works throughout the Shire.
4. The identified urgent stabilisation works are currently outside current road failure intervention and may result, if not repaired, in potentially hazardous road conditions .

Document/s pertaining to this Council Report

- **Confidential Appendix 1** - Identified Urgent Road Failure Stabilisation Works.

A copy of **Confidential Appendix 1** has been distributed separately to Councillors and the Executive Leadership Team.

COUNCIL PLAN

Strategic Goal:	4.0	Appropriate Infrastructure
Outcome:	4.1	Roads, streets, bridges, drainage and other associated infrastructure

CONSULTATION

Not Applicable

REPORT

Discussion

The following amendments to the capital works program have been identified as requiring amendment due to the need to address identified urgent road failures.

These works are:

1. Urgent Road Failure Stabilisation Works (new Cost Centre)

A number of road failures have been identified as requiring urgent repairs using both foam bitumen and lime/cement stabilisation methods as appropriate. These roads and the associated costs for each identified road are detailed in **Confidential Appendix 1**.

The substantial failures in these roads have arisen due to recently experienced latent weather conditions together with increased underground spring activity which has consequently undermined the sub-base and wearing courses of these roads.

2. Rehabilitation of Station Street, Korumburra (Cost Centre 9762)

In order to source the funding required to address the identified urgent road failures detailed in **Confidential Appendix 1**, it is proposed to defer the less urgent works in Station Street, Korumburra for inclusion in the 2013/14 Capital Works budget process and program in the appropriate future year's budget. The remaining unexpended budget of \$527,200 will be reallocated to help cover the estimated cost of the urgent Road Failure Stabilisation Works.

It should be noted that a full design for the Station Street rehabilitation works has recently been completed and is ready for tender.

3. Rehabilitation of Bridge Street, Korumburra (Cost Centre 9790)

As a result of detailed geotechnical investigations, the cost for the identified rehabilitation works has been determined to be \$65,000. Consequently, the Capital Works budget for this project will be reduced from \$194,400 to \$65,000. The remaining budget of \$129,400 will be

reallocated to carry out the identified urgent Road Failure Stabilisation Works detailed in **Confidential Appendix 1**.

Proposal

It is proposed that Council allow the above amendments be made in the 2012/13 Capital Works Program. It is proposed to deliver the program using the approved supplier's contract currently in place, Contract SGC12/11 Supply of Plant Hire and Civil Contractor Works.

FINANCIAL CONSIDERATIONS

There are no net changes to the 2021/13 Capital Works Program following the proposed adjustments to identified projects.

The Station Street, Korumburra rehabilitation project will be reviewed as part of the 2013/14 Capital Works budget process and programmed in the appropriate future year's budget.

RISK FACTORS

There are no risks associated with the proposed 2012/13 Capital Works program amendments.

The risks to Council by not approving the proposed amendments are:

- The urgent Road Failure Stabilisation Works will deteriorate further therefore increasing Council's future repair cost.
- Community dissatisfaction.
- Identified road failures are outside current intervention levels identified in Council's Road Management Plan and Road Infrastructure Asset Management Plan.
- Failure to rectify identified road failures may potentially result in hazardous road conditions.

CONCLUSION

Due to the urgent nature of the identified Road Failure Stabilisation Works, it is recommended that Council approve the proposed 2012/13 Capital Works Program amendments.

RECOMMENDATION

That Council:

- 1. Include a budget of \$656,600 for urgent Road Failure Stabilisation Works in the 2012/13 Capital Works Program.**
- 2. Reduce the budget for the rehabilitation of Station Street, Korumburra (Cost Centre 9762) by \$527,200 to zero and transfer to the Road Failure Stabilisation Works project. The project will be reviewed as part of the 2013/14 Capital Works budget process and programmed in the appropriate future year's budget.**
- 3. Reduce the budget for the rehabilitation of Bridge Street, Korumburra (Cost Centre 9790) from \$194,400 by \$129,400 to \$65,000 and transfer to the Road Failure Stabilisation Works project.**

E.4 SUBMISSIONS TO PROPOSED ROAD DISCONTINUANCE AND SALE OF LAND - PART DALE DRIVE, LEONGATHA

Engineering Services Directorate

EXECUTIVE SUMMARY

A report to Council on 28 November 2012 discussed the interest of the adjoining landowner, the owner of the Mountain View Retirement Village (MVRV), in purchasing part of Dale Drive, Leongatha to facilitate an improved entrance to the MVRV. This would require Council to commence a road discontinuance procedure.

Initial investigations into this request revealed that the subject area of road (as identified in **Attachment 1**) was not required as a road for public use. The report recommended commencing a road discontinuance procedure pursuant to Section 206 and Clause 3 of Schedule 10 to the Local Government Act, 1989 (LGA) along with public notification pursuant to Sections 207A and 223 of the LGA (**Attachment 2**).

Public notice was placed in 'The Star' and 'The Sentinel Times' week commencing 5 December 2012. Two submissions were received.

This report considers the concerns raised by the submitters and proposes a way forward by reducing the subject area of road to be discontinued and designing a Court Bowl for construction in the future.

Document/s pertaining to this Council Report

- **Attachment 1** - Plan of the road (initial request and proposal).
- **Attachment 2** - Public notice of proposed road discontinuance.
- **Attachment 3** - Plan showing The Road - Reduced Area and proposed Court Bowl design.
- **Confidential Appendix 1** - Submission from Submitter 1.
- **Confidential Appendix 2** - Submission from Submitter 2.

A copy of **Confidential Appendix 1 and 2** has been distributed separately to Councillors and the Executive Leadership Team.

CONSULTATION

Consultation since the last report on 28 November 2012 includes the following:

1. The public notice as shown in **Attachment 2** was advertised in the newspapers listed in Table 1 below:

Table 1: Public Notice

Date	Newspaper
4 December 2012	The Star
5 December 2012	The Sentinel Times

2. Receipt of two written submissions. The submissions are attached at **Confidential Appendix 1 and 2**. The concerns raised are listed in Table 2 below:

Table 2: List of concerns

No.	Concern	Submitter
1	Area is a designated turning circle.	1 & 2
2	Danger with reversing of garbage trucks up Dale Drive and safety of children	1 & 2
3	With no turning area, traffic entering Dale Drive will turn into my property. This includes CFA emergency vehicles and garbage trucks.	2
4	Traffic overflowing into Dale Drive and parking on both sides of Dale Drive. Significant rise in traffic.	1 & 2
5	No rational reason or need for the retirement village to acquire the land as part of their development.	2
6	No contact by Council prior to public notice	1 & 2
7	Design not compliant with Council's Infrastructure Design Manual (IDM)	2

3. A letter of response to the submitters on 15 January 2013 acknowledging receipt of their submission and informing them that their concerns were being investigated and would be discussed in a report to Council on 27 February 2013.

4. Internal discussions with officers from Council's:
 - a. Assets Department
 - b. Engineering Department; and
 - c. Sustainability Departmentto investigate the submitters' concerns and proposed actions to address.
5. Discussions have been held with the proposed purchaser to inform them of the submissions received and actions to address.

REPORT

Background

The adjoining owner (owner of MVRV) approached Council on 4 September 2012 with an interest in purchasing a small unconstructed portion of Dale Drive to facilitate an improved design to the MVRV entrance and construct entrance gates. This area is identified in yellow on the plan in **Attachment 1**. It was important to respond to this request quickly given the MRV development timeframe and proposed official opening on 18 October 2012.

Investigations into this request revealed that a larger area of Dale Drive could be discontinued (as identified in red on the plan in **Attachment 1**, (the Road) for the following reasons:

1. The Road is not reasonably required as a public road.
2. No other users will be affected by the discontinuance.
3. Any assets in the Road can be protected with an easement for future maintenance and access purposes.
4. The discontinuance is in accordance with Council's Land Ownership Policy.
5. Council is able to accommodate a developer's request and assist with an improved design.

Council, having considered the above reasons, resolved at its meeting on 28 November 2012 (part resolution):

- "1. Confirm that the subject area of Dale Drive, Leongatha (Road) as shown bordered in red on Attachment 1 is not reasonably required as a road for public use."*

Refer to **Attachment 1** for the Plan of the road (initial request and proposal) as per 28 November 2012 Council Report.

Public notification proceeded on this basis.

In order to avoid delaying the MVRV's construction program and as an interim measure whilst Council's statutory obligations and internal procedures for a road discontinuance were being followed, a short-term lease was granted to the adjoining landowner over the Road.

Discussion

The responses listed in Table 3 below are offered to Council in addressing each of the concerns of the Submitters:

Table 3: Responses to concerns of the Submitters

Concern No.	Response
1	Area is a designated turning circle. The area is a modified t-intersection. The t-intersection will remain for forward movement of traffic if the road is discontinued as the adjoining landowner does not intend to reconfigure the entrance from its present design.
2	Danger with reversing of garbage trucks up Dale Drive and safety of children. Whilst construction of the MVRV is underway, garbage trucks are making reverse manoeuvres. The roads within the MVRV have been designed to allow garbage trucks to enter the MVRV for collection. This design will ultimately provide a forward moving route for the garbage trucks.
3	With no turning area, traffic entering Dale Drive will turn into my property. This includes CFA emergency vehicles and garbage trucks. In addition to the response to concern no. 2 above, the current design of the turning area is poor. There is merit in providing a suitably designed Court Bowl for traffic. For this reason, Council's Engineering Department propose to design and cost the construction works to provide a Court Bowl in the future (refer Attachment 3).
4	Traffic overflowing into Dale Drive and parking on both sides of Dale Drive. Significant rise in traffic. It is suspected that this situation arose during the official opening of the MVRV on 18 October 2012. Whilst construction is underway, minor parking disruption may occur. In the longer term, traffic overflowing into Dale Drive and parking on both sides of Dale Drive is not expected to be a permanent problem.

Concern No.	Response
5	<p>No rational reason or need for the retirement village to acquire the land as part of their development.</p> <p>This is a question of preference and for the developer and its designer to consider. The entrance gates have already been constructed on part of the Road. Improved design has already occurred.</p> <p>In addressing concern no. 3, the area of Road proposed to be discontinued will be reduced (refer Attachment 3).</p>
6	<p>No contact by Council prior to public notice.</p> <p>This is noted. Council's preference is to inform its community as much as possible. In future, a road discontinuance procedure will include writing to residents who may be affected by a proposal to inform them of the proposal and/or capture their feedback prior to the public notice or date of the public notice.</p>
7	<p>Design not compliant with Council's Infrastructure Design Manual (IDM).</p> <p>Dale Drive was designed and constructed prior to Council's adoption of the IDM. However, we believe that the response to concerns 3 and 5 above will address this.</p>

Proposal

It is proposed to proceed as follows:

1. Reduce the area of the Road to be discontinued as identified in **Attachment 3** (The Road - Reduced Area).
2. The Road - Reduced Area to be sold to the adjoining landowner.
3. Council's Engineering Department prepare a design and cost the works to provide a Court Bowl turning area at the end of Dale Drive. The construction of the Court Bowl will be prioritised in accordance with Council's criticality processes.
4. Inform the submitters and adjoining landowner of this proposal.

This proposal is fair and reasonable and does not have any adverse affects on the amenity and access to other residents of Dale Drive.

FINANCIAL CONSIDERATIONS

Out of pocket expenses incurred by Council in this matter are to be reimbursed to Council. To date these expenses include:

Surveyor fees	\$1,782 + GST
Legal fees	\$0

Advertising fees \$500 + GST (approximately)

The Reduced Area will be valued by Council's Valuer.

The approximate cost of the Court Bowl is \$20,000 and will be considered as part of the 2013/14 budget process.

RISK FACTORS

There are not believed to be any risks associated with this proposal as Council has complied with its statutory obligations and addressed the concerns of the submitters in a reasonable manner.

CONCLUSION

It is considered that The Road - Reduced Area shown in **Attachment 3** is the appropriate area of road to be discontinued.

The Road - Reduced Area will ensure that enough space remains for Council to construct a Court Bowl in the future. A Court Bowl is the preferred design to ensure ease of forward movement for all traffic in the longer term in addition to the garbage vehicles being able to enter the MVRV on collection days.

RECOMMENDATION

That Council:

- 1. Discontinue the Reduced Area of Dale Drive, Leongatha as identified at Attachment 3 (The Road – Reduced Area), in accordance with Clause 3, Schedule 10 of the Local Government Act 1989.**
- 2. Authorise the sale of The Road - Reduced Area to the adjoining landowner (the owner of the Mountain View Retirement Village).**
- 3. Prepare a court bowl design and cost the construction works to be considered as part of 2013/14 budget process.**
- 4. Inform the submitters and adjoining landowner of this proposal.**
- 5. Authorise the Chief Executive Officer or his delegate to publish a Road Discontinuance Notice for The Road - Reduced Area in the Victoria Government Gazette which will remove the road status and vest the land (The Road – Reduced Area) in Council's ownership.**
- 6. Upon the vesting of the land (The Road – Reduced Area) in Council's ownership, authorise the Chief Executive Officer or his delegate to enter into negotiations for the sale of The Road - Reduced Area to the adjoining landowner (including the signing and sealing of all relevant documentation required to effect the sale).**
- 7. Authorise the Chief Executive Officer or his delegate to sell the land (The Road – Reduced Area) to the abutting owner at not less than the value as advised by the Council's valuer.**

Plan of The Road (initial request and proposal)

Attachment 2 Public notice of proposed road discontinuance

PUBLIC NOTICE SOUTH GIPPSLAND SHIRE COUNCIL PROPOSED ROAD DISCONTINUANCE – PART OF DALE DRIVE, LEONGATHA

South Gippsland Shire Council (**Council**) acting under section 206 and Schedule 10 clause 3 of the Local Government Act 1989 (**Act**) gives notice that it proposes to discontinue the area of road shown hatched on the plan below (**Road**). If discontinued, Council proposes to transfer the land from the Road to itself or to the adjoining landowner.

A person may make a submission on the proposal. Any person proposing to make a submission under section 223 of the Act must do so on or before 5:00pm 11 January 2013. All submissions will be considered in accordance with section 223 of the Act. Following the consideration of any submissions, Council may decide to discontinue the Road or not to discontinue the Road. For any enquiries please contact Chris Van Der Ark, Property Development Co-Ordinator on 5662 9391.

Submissions should be addressed to the Chief Executive Officer, and can be hand delivered to Council's Office at 9 Smith Street, Leongatha or posted to the following address : The Chief Executive Officer, South Gippsland Shire Council, Private Bag 4, Leongatha VIC 3953.

Any person requesting to be heard in support of his or her submission is entitled to be heard before Council (or a Committee established by Council for this purpose) or be represented by a person acting on his or her behalf, and will be notified of the time and date of the hearing.

E.5 CONTRACT SGC10/01 BUILDING MAINTENANCE SERVICES AND ESSENTIAL SAFETY MEASURES

Engineering Services Directorate

EXECUTIVE SUMMARY

This report is presented to Council to approve the final 1 year optional extension to Maskell's Maintenance Services Pty Ltd for Part A and Part B of Contract SGC10/01 Building Maintenance Services (Part A) and Essential Safety Measures (Part B) effective from 1 July 2013.

LEGISLATIVE / ACTION PLANS / STRATEGIES / POLICIES

- Local Government ACT 1989 - Section 186 and Section 208A-J
- Local Government Procurement Best Practice Guidelines 2008

INTERNAL POLICIES / STRATEGIES / DOCUMENTS

- Procurement Policy 2012
- Long Term Financial Plan (LTFP)

COUNCIL PLAN

Strategic Goal:	4.0	Appropriate Infrastructure
Outcome:	4.2	Council Buildings / Facilities
Strategy No:	4.2.1	Maintenance

CONSULTATION

Maskell's Maintenance Services Pty Ltd has been consulted in relation to the proposed Contract extension and has indicated that they would be willing to continue providing the services in accordance with the Contract requirements.

REPORT

Background

At its Ordinary Council Meeting on the 3 June 2009, Council approved the following recommendation:

“That Council:

- 1. Award Part A of Contract SGC10/01 Provision Of Building Maintenance Services to Maskell’s Maintenance Service Pty Ltd as per Schedule 2 of their tender submission from 1 September 2009 to 30 June 2012, a period of 34 months.*
- 2. Award Part B of Contract SGC10/01 Provision Of Maintenance Essential Safety Measures to Maskell’s Maintenance Service Pty Ltd as per Schedule 2a of their tender submission from 1 September 2009 to 30 June 2012, a period of 34 months.*
- 3. Affix the common seal of the municipality to the documents.”*

At its Ordinary Meeting on 26 April 2012, Council approved the following recommendation:

“That Council:

Authorise the Chief Executive Officer to approve the extension of Contract SGC10/01 Building Maintenance Services (Part A) and Essential Safety Measures (Part B) for one year, effective from 1 July 2012.”

Discussion

Maskell’s Maintenance Service Pty Ltd have met all the objectives of both Part A and Part B of the Contract to date and in doing so have provided a reliable and an efficient service to Council.

An evaluation of the contractors performance has been undertaken and the contractor has performed satisfactorily and met all of the contract obligations.

Council have shared a good working relationship with Maskell’s Maintenance Service Pty Ltd over a long period and believe this will continue.

Proposal

It is proposed to extend Part A and Part B of Contract SGC10/01 Provision of Building Maintenance Services and Maintenance of Essential Safety Measures for a final term of 1 year.

FINANCIAL CONSIDERATIONS

The proposed 2013/14 budget for Building Maintenance and Essential Safety Measures is \$1.19 million. The contract is accommodated within the Property Department's Building Maintenance program budget and is funded in the Long Term Financial Plan.

RISK FACTORS

N/A

CONCLUSION

Maskell's Maintenance Service Pty Ltd has provided reliable and efficient Building Maintenance Services to Council over the term of their contract to date. Extending the Contract for the final 1 year optional extension will provide an excellent outcome in terms of service to the community and best value to Council.

RECOMMENDATION

That Council authorise the final one year optional extension of Part A and Part B of Contract SGC10/01 Building Maintenance Services and Essential Services Measures for one year, effective from 1 July 2013.

E.6 PROPOSED NEW ROAD NAME FOR UNNAMED ROAD OFF UNION STREET, BENA

Engineering Services Directorate

EXECUTIVE SUMMARY

The purpose of this report is to gain Council support to name the unnamed road off Union Street in the Township Bena and Parish of Jeetho by calling for community comment (refer to Attachment 1).

It is proposed to name the road 'Hennessy Court'.

Document/s pertaining to this Council Report

- **Attachment 1** - Map of Road Location.
- **Attachment 2** - Guidelines for Geographic Names 2010.

LEGISLATIVE / ACTION PLANS / STRATEGIES / POLICIES

- Geographic Place Names Act 1998
- Guidelines for Geographic Names 2010
- Emergency Services Telecommunications
- Local Government Act 1989

INTERNAL POLICIES / STRATEGIES / DOCUMENTS

Road Naming Policy 2009

COUNCIL PLAN

Strategic Goal:	4.0	Appropriate Infrastructure
Outcome:	4.1	Roads, streets, bridges, drainage & other associated infrastructure

CONSULTATION

- The Korumburra and District Historical Society.
- Vicnames, Geographic Place Names - Department of Sustainability and Environment.

REPORT

Background

As a result of a recent subdivision to the south of Union Street, Bena, this unnamed lane requires naming due to the fact that new lots will be created

fronting the road. The new lots will require formal addresses. A court bowl has been constructed at the end of the road as part of the subdivisional works.

In line with Council Policy, the Korumburra and District Historical Society was requested to provide a name for this unnamed road off Union Street, Bena. The Historical Society's proposed recommendation to Council is 'Hennessy' after Hugh Hennessy Senior.

The Hennessy family, consisting of three sons and a daughter, originally came from Daylesford in the early 1900's, buying land on the outskirts of the Bena Township which adjoins the area of the unnamed laneway. The original homestead they built still stands today.

Hugh Hennessy Seniors' sons, Hugh Junior, David and Jim, all continued to live in the district. Hugh Junior took over the family farm, while David and Jim bought nearby land. The home farm stayed in the family for over sixty years until sold in 1957. The Hennessy's were well known as 'top farmers' in the district.

In later years, Hugh Junior became a Councillor for the Shire of Korumburra and presided over the opening ceremony of the new Bena Hall when it was rebuilt in 1939.

Discussion

The naming of roads and streets is a local government responsibility under the Local Government Act 1989 and is processed in accordance with the Guidelines for Geographic Place Names 2010.

Name Duplications Search

A Vicnames 15km duplicate name search has been carried out for the name 'Hennessy', resulting in no duplications or similar sounding names.

The proposed road name is in keeping with community expectations and conforms to the principles outlined in Sections 1.8 and 4.1 of the Guidelines for Geographic Names 2010 (refer to Attachment 2).

Proposal

It is proposed that Council:

1. Commence the process to name the 140 metre long unnamed road, traversing in a westerly direction off Union Street, in the Township of Bena and Parish of Jeetho as 'Hennessy Court'.
2. Give public notice of the proposal and write to all land owners with a property abutting the road proposed to be named.

3. Receive a final report on the outcome of the public consultation process including copies of any submissions received.

FINANCIAL CONSIDERATIONS

There will be no cost to Council for the supply and installation of a new sign for the road. This will be provided by the developer of the new subdivision.

RISK FACTORS

There is minimal risk to Council in naming this road as the methodology for the naming of roads is contained in the Guidelines for Geographic Names 2010, and this proposal conforms to the principles outlined in Sections 1.8 and 4.1 (refer to Attachment 2).

CONCLUSION

It is Council's responsibility to ensure all properties have a formal address from a public safety and risk management perspective, as unnamed roads potentially create confusion for emergency services, communication services and the general public.

RECOMMENDATION

That Council:

- 1. Commence the process to consider the naming of the 140 metre long unnamed road, traversing in a westerly direction off Union Street, in the Township of Bena and Parish of Jeetho as 'Hennessy Court'.**
- 2. Give public notice week commencing 11 March 2013 of the proposal and write to all land owners with a property abutting the road proposed to be named.**
- 3. In the public notice clearly state:**
 - a. A person may make a submission to the proposal no later than Friday 5 April 2013 addressed to the Assets Technical Officer, South Gippsland Shire Council, Private Bag 4, Leongatha 3953 or delivered to the Council Office, 9 Smith Street, Leongatha.**
 - b. Copies of submissions (including submitters' names and addresses) will be made available at the Council meeting at which the proposals are considered.**
- 4. Receive a final report at the next appropriate Council meeting on the outcome of the public consultation process including copies of any submissions received.**

STAFF DISCLOSURE OF INTEREST

Nil

A map of the Bena area in Victoria, Australia. The map shows several roads including Bass Valley Rd, Main Rd, South Gippsland Hwy, Greens Rd, Union St, and Fulfers Way. A red line indicates the proposed new road name 'Hennessy Court' off Union Street. A text box with an arrow pointing to the red line states: 'Unnamed Lane off Union Street, Bena. Proposed New Road Name as 'Hennessy Court'. A compass rose is located in the top left corner.

Attachment 2

Guidelines for Geographic Names 2010

Council is governed by the Geographic Place Name Guidelines 2010 (GPN) and duplicate road names are a problem from a public safety and risk management perspective, as they create confusion for emergency and communication services, particularly if an address is duplicated. The Emergency Services Telecommunications Authority (ESTA) who are responsible for 000 call taking and dispatch often deal with incidents where callers need to clarify the location of their road. This can cause unnecessary delays for the dispatch of an emergency vehicle.

“Section 1.8 - Principle 1(D) Ensuring names are not duplicated

Place names must not be duplicated. Duplicates are considered to be two (or more) names within close proximity, and those which are identical or have similar spelling or pronunciation. Examples of names which are similar and considered to be duplicates are White, Whyte, Wite and Wiet.”

Duplication is not allowed within the one locality or within the following distances:

- metropolitan urban area, within 5 kilometres;
- regional urban area, within 15 kilometres; and
- rural or remote area within 30 kilometres.”

“Section 1.8 - Principle 1(C) Ensuring public safety

Geographic names and boundaries must not risk public and operational safety for emergency response, or cause confusion for transport, communication and mail services. Many emergency response and other public services (such as mail) are determined by locality boundaries or road extents, and proposals must ensure that operations will not be adversely affected.

For example, the boundary of a locality must be applied in a way that makes sense not only for the local community, but also for visitors. Similarly, the extent of a road name should ensure easy navigation for pedestrians and vehicles along the entire route from one end to the other.”

“Section 4.1 - Principle 4(B) Extent: road course, start and end points

Any proposal to name or rename a road needs to clearly indicate the extent to which the name will apply. The extent of a road is considered to be its start and end points, and the course (including bends, divided carriageway sections and curves) of the road between these two points.

A road name must not be applied in a way that is ambiguous or could cause confusion for road users. For example, the road name should be applied to a single, unobscured and unobstructed roadway that leads from point a to point b, in a clear and logical manner. The road name should not be applied in a ‘looping’ or ‘disjointed’ way.”

E.7 KORUMBURRA COMMUNITY INFRASTRUCTURE PLAN

Development Services Directorate

EXECUTIVE SUMMARY

The Korumburra Community Infrastructure Plan presents current and forecast demographic data, current facilities and services, relevant policies and guidelines and best practice examples for 11 categories. These categories include early years, youth, aged and disability, arts and culture, commercial retail and tourism, community meeting spaces, education, learning and libraries, health services, law and emergency services, open space, streets, parks and playgrounds and sport and recreation. It provides recommendations for future community infrastructure needs for the next 5, 10 and 20 years for facilities, services and community supports. This report has been developed to support planning and provision of appropriate facilities and services for the Korumburra community for the next 20 years.

This report recommends that the Korumburra Community Infrastructure Plan Draft be placed on public exhibition and that community consultations take place to ensure it is appropriate and responsive to community needs, priorities and values.

COUNCIL PLAN

Strategic Goal:	1.0	A Vibrant, Engaged Community
Outcome:	1.2	Health and Wellbeing
Strategy No:	1.2.2	Community Health
Strategic Goal:	3.0	A Strong Economy
Outcome:	3.1	Economic Development
Outcome:	3.3	Infrastructure
Strategy No:	3.3.4	Land Use Planning

CONSULTATION

1. Internal Consultation
 - a. A briefing was presented to Council on the 6th February 2013.
 - b. Representation from each department within Council has provided input into the Plan.
2. External Consultation
 - a. July 2012: A newsletter describing all Council projects and plans based in Korumburra was distributed to owners and occupiers of land. February 2013: A second Korumburra newsletter was circulated via local newspapers and to residents registered to receive updates as a result of the first newsletter.
 - b. This report proposes community consultations are held in March in conjunction with those for the Korumburra Town Centre Framework Plan via existing community and business groups and a public meeting.

- c. Meetings with external organisations in the areas of health, education and aged care will be held to ensure accuracy of information.
- d. The document will be exhibited to all owners and occupiers of land in the township of Korumburra and nearby rural areas.

REPORT

Background

Community infrastructure plans are currently being prepared for the three towns in South Gippsland expecting the greatest population growth. The Korumburra Community Infrastructure Plan was initiated first to support a range of current projects based in Korumburra. It will guide the development, timing, and possible location of services and facilities required over the short, medium and long term.

Discussion

As a result of rezoning for residential development in Korumburra (C52 and C66) and infill development, it is estimated that an average of 50 additional dwellings will be constructed each year over the next 20 years. It is expected that the population will grow from 4,174 in 2011 to 6,304 by 2031, an average annual growth rate of 2.29%.

The demographic profile of Korumburra will change with an increase in the proportion of families, retirees and youth. The number of people aged 19 and under is forecast to increase to 25% of the population by 2012 and remain at that ratio to 2031. The age group forecast to increase at the greatest rate (relative to population size) in the next 10 years is 70 - 74 year olds who will increase by 93% to 286 persons.

Significant population growth fuels demand for accessible, coordinated and well-designed community infrastructure. Integrated community facilities and services are a vital component for creating healthy communities that support social inclusion and enhance the wellbeing of residents. Linking new residential developments with existing areas and the town centre will ensure a socially vibrant town centre that provides equitable, accessible facilities and services for everyone in the community.

The Korumburra Community Infrastructure Plan can be used for a variety of purposes by Council, external organisations and the community. These include:

1. Negotiate appropriate development contributions sufficient to fund a reasonable contribution towards community infrastructure needs
2. Ensure allocation of land and budget for community infrastructure
3. Inform community planning discussions

4. Inform decision making regarding construction of new facilities or refurbishment of existing facilities
5. Identify current best practice
6. Support strategic planning of the town centre including provision of retail, community spaces and services that are easily accessible
7. Inform service level planning for Korumburra by Council and external service providers
8. Provide data to advocate for provision of services for specific age groups.

Proposal

It is proposed that the Korumburra Community Infrastructure Plan be used as a guiding reference document to priorities planning for Council, external organisations and the broader community for the next 5, 10 and 20 years. See **Attachment 1** Korumburra Community Infrastructure Priorities Timeline.

FINANCIAL CONSIDERATIONS

The community infrastructure plan will inform financial decision making by Council to:

1. Negotiate developer contributions;
2. Provide information for planning new community facilities or refurbishment of existing community facilities;
3. Inform strategic planning for the town;
4. Inform provision of services by Council and other non-Council organisations in Korumburra.

RISK FACTORS

1. Raising community expectations for facilities and services.

Minimising risk: Clear explanations that proposed facilities or services are recommendations only requiring further investigation for funding and budget allocation.

The advantage of strengthened relationships between Council and the community and potential for greater community acceptance of future decisions and plans is enhanced through community consultations.

2. Relevance of the document in the future leading to irrelevance or incorrect data may mislead planning.

Minimising risk: Annual review and updating of the document.

CONCLUSION

Community infrastructure is essential to provide spaces and places for participation in community life and provides opportunities for community building. The Korumburra Community Infrastructure Plan includes a detailed audit of current infrastructure; current and projected demographic information and guides prioritisation for infrastructure over the next 5, 10 and 20 years.

RECOMMENDATION

That Council endorse the Korumburra Community Infrastructure Plan Draft for public exhibition and community consultation.

Korumburra Community Infrastructure Priorities Timeline

E.8 PLANNING SCHEME AMENDMENT C76 - SOUTHERN LEONGATHA OUTLINE DEVELOPMENT PLAN - PANEL REPORT AND ADOPTION OF AMENDMENT

Development Services Directorate

EXECUTIVE SUMMARY

Planning Scheme Amendment C76 introduces the key recommendations of the Southern Leongatha Outline Development Plan - July 2011 (ODP) into the South Gippsland Planning Scheme. The policies introduced by the Amendment provide strategic direction to guide the land use and development of the Southern Leongatha area over the next 25 years and beyond. This includes planning for commercial developments adjoining both sides of the South Gippsland Highway, north of Simons Lane and Boags Road. The Outline Development Plan area is displayed in the Panel Report - see page 1 of **Attachment 1**.

The Amendment received public submissions which required its referral to an Independent Planning Panel. The Panel Report has been received (see **Appendix 2**) and it recommends the Amendment be adopted subject to some minor changes. The Panel also recommend some minor changes to the provisions of the ODP. The Panel's recommendations are supported and it is recommended that Council receive the Panel Report, amend the ODP, adopt Amendment C76 and submit the Amendment to the Minister for Planning for approval in accordance with the provisions detailed in **Attachment 1**.

Document/s pertaining to this Council Report

Infrastructure Design Manual March 2010

COUNCIL PLAN

Strategic Goal:	3.0	A STRONG ECONOMY
Outcome:	3.3	INFRASTRUCTURE
Strategy No:	3.3.4	LAND USE PLANNING

CONSULTATION

Amendment C76 was exhibited in May 2012 in accordance with the requirements of the Planning and Environment Act 1987. Exhibition resulted in the receipt of eight submissions. The submissions were presented to Council at the 22 August 2012 Council Meeting. See Appendix 3 for a discussion of the submissions.

REPORT

Background

In 2005 Council exhibited Amendment C35. The Amendment proposed to apply the Business 4 Zone to land on both sides of the South Gippsland Highway in the area north of Simons Lane and Boags Road. The purpose of the Amendment was to establish a bulky goods retail precinct. The Amendment received objections and was referred to a Planning Panel. The Panel recommended that the rezoning not occur until Council completed an Outline Development Plan to demonstrate how the broader area would operate in a full development scenario. The absence of appropriate infrastructure planning was a key concern of the C35 Panel. Amendment C35 lapsed and the land was not rezoned.

Commercial and residential development interest in the Southern Leongatha area has remained strong and in 2010 Council commenced preparation of the Southern Leongatha ODP. The ODP was exhibited, received submissions and was subsequently adopted by Council in August 2011. Council resolved at the same time to include the key recommendations of the ODP into the Planning Scheme. Amendment C76 was prepared to implement the ODP.

Discussion

The Panel Report and the August 2012 Council Report (provided in the Appendices to this Council Report) provide a broad overview of the ODP and Amendment C76 processes and outcomes. For this reason the following discussion is primarily limited to those elements of the Panel's recommendations which require changes to the provisions of the ODP and the Amendment.

New Leongatha Planning Provisions at Clause 21.04-4

The new Leongatha planning provisions (Clause 21.04-4) proposed by Amendment C76 are supported by the Panel however some minor changes have been recommended. The changes can be viewed in Appendix C of the

Panel Report - see underlined and strikethrough text. The changes are minor and summarised as followed:

- Amend the wording of the provision 'Rezoning and Development Plan requirements' to improve the readability of the provision. The change is policy neutral and will still ensure that all developments in the ODP area must satisfactorily respond to the requirements of the ODP.
- Delete the provision "Investigate and support the potential to establish residential aged care land use in close proximity to the Leongatha Hospital".

Woorayl Lodge Inc. (aged care provider) made a submission to the Panel supporting the identification of their land at 5 Boags Road (4ha vacant undeveloped land adjoining the Highway) for an aged care facility. They presented arguments to the Panel that close physical proximity to the hospital is not essential in the locating of aged care facilities. The Panel supported this view and has deleted the above provision.

The Panel has also recommended the ODP be amended to identify the land at 5 Boags Road as 'Future Aged Care Facility'. The Panel acknowledge the commitment Woorayl Lodge have made to the site and believe it worthy of identification in the ODP. The amended ODP (see Appendix 2 - 'Outline Development Plan - Land Use Plan' map) incorporates this change. The C76 provisions have not been correspondingly changed because the Panel did not recommend it and because such a change would presuppose in the Planning Scheme a land use and development that requires a planning permit. Planning policy should not predetermine the specific use or development of land where a planning permit is required and the potential could exist to approve a broad range of uses.

- The 'Reference document' section has been amended to include reference to the 'South Gippsland Paths and Trails Strategy 2010 (as amended)'. Inclusion of this provision is supported because it will assist Council in achieving pedestrian connectivity around the ODP area.

Commercial land use in the ODP area

The new Clause 21.04-4 'Leongatha' provisions include updated land use provisions in the section 'Highway frontage commercial areas'. The land uses to be encouraged and discouraged were included in the Amendment in response to the 'Reformed Zones for Victoria' Discussion Paper which proposes (amongst various other changes) the removal of the Business 4 Zone from all planning schemes and the introduction of two new Commercial Zones. The Commercial Zones have the potential to significantly weaken the economic health of the existing Town Centre and the overall function of the town's commercial land uses.

The commercial uses identified in the Leongatha provisions lay the groundwork for the preparation of a Special Use Zone (SUZ) to be applied to both sides of the Highway. The SUZ can be customised by Council to control the types of uses that can be established in the area. This means that Council can schedule out of the zone (prohibit or restrict) uses that should be located in the Town Centre or uses like 'Industry' which may adversely affect the residential amenity of the surrounding area. Introduction of the SUZ is identified in the new 'Actions for implementation' section of the Amendment provisions.

The Panel's policy support for the identification of specific commercial uses to encourage and discourage and the SUZ is a good outcome. If the Reformed Zones for Victoria are introduced it is likely that many councils will seek to use the SUZ to address the challenges created by the new zones. This may present concerns for the Department of Planning and Community Development. The Panel's support for the use of the SUZ and its identification in the Planning Scheme will greatly improve Council's ability to apply the SUZ and guide the appropriate development of commercial uses in the ODP area.

Provision of development infrastructure

A submission made to the Panel discussed the absence of detailed infrastructure planning in the ODP and C76 Amendment provisions. The Panel supported Council's view that the Amendment provisions are a high level document that provides guidance in relation to future applications to rezone and develop land. Critically, the 'Actions for implementation' provisions list the key infrastructure that needs to be provided across the area. The provisions also identify the need to implement a Development Contributions Plan Overlay, or similar cost recovery method, to secure funding for the infrastructure work.

In relation to how infrastructure planning should proceed it is important to note the comment of the Panel that:

"The Panel would encourage Council to undertake this work (traffic and drainage study) and prepare these documents as soon as practicable, and also encourage Council to ensure the traffic study addresses issues raised in the submissions, particularly Mr Love's regarding planning for a potential future duplication of the South Gippsland Highway".

This point is noted to emphasise the Panel's acknowledgement that traffic infrastructure planning is critical to establishing development in the area and extending from this, that the rezoning of land should not occur until this work has been completed.

FINANCIAL CONSIDERATIONS

Council is required to pay the Panel Report costs. There are no other financial considerations directly related to the recommendations of this report. The Amendment provisions identify the need to gain meaningful development contributions when land is rezoned in the ODP area. If development proceeds

without appropriate development contributions it is likely to have adverse financial implications for Council.

RISK FACTORS

If C76 is not approved there will be a lack of strategic guidance for the development of land in the ODP area.

CONCLUSION

Completion of the Southern Leongatha Outline Development Plan and its implementation into the South Gippsland Planning Scheme by Amendment C76 addresses a key deficiency that has limited the ability of Council and landowners to successfully achieve land rezoning and development in the southern Leongatha area. The minor changes to the Outline Development Plan and the C76 Amendment provisions recommended by the Panel are supported and will provide greater certainty for the use and development of the area.

RECOMMENDATION

That Council:

- 1. Receive the Panel Report 'South Gippsland Planning Scheme Amendment C76 - 10 January 2013'.**
- 2. Amend and adopt the 'Southern Leongatha Outline Development Plan (amended February 2013)' in accordance with Panel Report Recommendations 2 and 3, as detailed in Appendix 2 of this report.**
- 3. Adopt Planning Scheme Amendment C76 in accordance with the Panel Report recommendation, as detailed in Attachment 1.**
- 4. Submit Amendment C76 to the Minister for Planning for approval in accordance with section 11(1)(b) of the Planning and Environment Act 1987.**

SOUTH GIPPSLAND PLANNING SCHEME

21.04-4
/ 20
C76

Leongatha

Overview

Leongatha is the principal township of the South Gippsland Shire and a centre of State significance in the dairy milk processing industry. As the largest provider of retail, professional, industrial and social services, Leongatha plays a central role as a service provider to the South Gippsland community with elements such as leisure, health and educational services, fulfilling a broader regional role. Situated between the coastal development fringe of Bass Coast and the industry of the Latrobe Valley, and within comfortable driving distance of Melbourne, Leongatha retains a rural township feel valued by its residents. Key issues in Leongatha include establishing a Town Centre heavy vehicle bypass; the development of a bulky goods retail precinct; the provision of additional industrial land and development of the surplus railway precinct land.

Leongatha's future will depend on consolidating and growing its commercial sector, promoting residential development and by defining and building upon Leongatha's broader role within the greater Gippsland region.

Objectives

- To retain Leongatha as the major regional service centre in the Shire.
- To ensure that sufficient areas of residential land, at a range of densities, is available to accommodate future township growth.
- To achieve sequential and staged residential development that integrates with existing infrastructure networks.
- To maintain the primacy of the Town Centre as the retail and service hub of the township.
- To provide adequate areas of commercial and industrial land.
- To provide strong pedestrian and cycling connectivity to the Town Centre and key community assets.
- To improve heavy vehicle and highway traffic movement through and around the township.

Strategies

- Promote the use and development of land in accordance with the strategic direction in the Leongatha Framework Plan and the Leongatha Town Centre Framework Plan.
- Monitor the availability and development of residential land and encourage the rezoning of appropriate areas identified in the Leongatha Framework Plan to maintain an estimated 15-year residential land supply.
- Require the preparation of development plans for new residential estates that establish appropriate integration with existing residential areas and infrastructure; provide pedestrian and cyclist connectivity to the Town Centre and key community features, and protect the environmental values of the land.
- Promote higher density residential development and retirement living within a 400m radius of the existing commercially zoned land in the Town Centre.
- Ensure a high standard of building design, layout and landscaping for all new development, and particularly at the highway entrances to the town.
- Ensure that adequate land is available to accommodate new retail, social, community, commercial and entertainment facilities within the Town Centre.

SOUTH GIPPSLAND PLANNING SCHEME

- Maintain a compact Town Centre that reduces the need for car usage, with all key features and major retail activities within comfortable walking distance of the intersection of Bair Street and McCartin Street.
- Discourage the development of retail uses outside of the Town Centre where such uses may weaken the principal role of the Town Centre.
- Promote the establishment of a bulky goods retail precinct on the western side of the South Gippsland Highway, and commercial use precinct for uses not appropriate to a Town Centre location on the eastern side of the Highway, at the southern entry to the township – see [Southern Leongatha Growth Area provisions below](#).
- Focus industrial development within existing industrial areas and promote the expansion of industrial uses into the land north and west of the golf course recreation reserve while integrating the potential for heavy vehicle connectivity to the South Gippsland Highway.
- Pursue the establishment of a highway bypass of the Leongatha Town Centre by the diversion of South Gippsland Highway traffic along Long Street and Hughes Street in accordance with the Leongatha Town Centre Framework Plan.
- Pursue options to improve heavy vehicle traffic movements from the South Gippsland Highway to the industrial estate.
- Ensure new development and road traffic improvements do not compromise the longer-term potential return of rail services to Melbourne.

Southern Leongatha Growth Area

The Southern Leongatha Growth Area is situated on the southern development boundary of Leongatha and is defined by Simons Lane and Boags Road to the south, the Great Southern Rail Trail to the west and Coalition Creek to the east. This area presents significant opportunities for residential and highway frontage commercial development over the next 25 years and beyond.

To guide development in this area Council has prepared the Southern Leongatha Outline Development Plan (ODP). The ODP forms the basis for the Southern Leongatha Growth Area provisions. The ODP and Growth Area provisions build upon the land uses identified in the Leongatha Framework Plan map and should be considered in addition to the other 'Leongatha' provisions in this Clause. The Growth Area provisions offer direction on key land use and development issues to be considered when land is being rezoned, or planning permits assessed.

The Objective for the Growth Area is:

To achieve high quality residential and commercial development that responds to the landform, amenity and development and community infrastructure requirements of the subject land and its surrounds in an equitable long-term manner.

Rezoning and Development Plan requirements

Applications to rezone land should be supported by Development Plans that respond, as appropriate, to the issues identified in the strategies. Development Plan Overlays should require a site analysis and design response and building / subdivision plans as part of the rezoning process that display the proposed outcomes on the land. Development Plans should be prepared with close consideration to linkages and impacts on the broader surrounding area, especially in relation to traffic and storm water management planning and other infrastructure provision.

Rezonings and Development Plans must represent a logical land development unit bounded by main roads, natural features or the boundaries of the Development Plan Overlay map area. Residential rezonings and Development Plans on individual small lots on the eastern

SOUTH GIPPSLAND PLANNING SCHEME

side of the Highway need to clearly demonstrate that the requirements of the ODP can be satisfied.

Residential Development

Based on the level of demand for new dwellings in the five years to 2011, the Growth Area has the potential to satisfy more than 25 years residential land supply for Leongatha. Development in the Growth Area should specifically consider the following strategies:

- Promote the application of the Residential 1 Zone and the subdivision of land to maximize the efficient use of land across a range of lot sizes – while having specific regard to:
 - Minimise the number of residential lots with boundaries adjoining the highway frontage commercial uses. Adjoining lots should have sufficient size / depth to allow landscaping to soften the potential visual and amenity impact of commercial uses.
 - Avoid the creation of residential lots in the Coalition Creek flood plain, except where the potential exists for dwellings to be located within lots above the flood level. Roads must not be located in flood prone areas.
- Retain (where existing) and support application of the Low Density Residential Zone to the land immediately north of Simons Lane and Boags Road, and the land south of the proposed commercial area on the eastern side of the Highway.
- Promote the staged and sequential rezoning and subdivision of Residential 1 zoned land that integrates with the existing road network and infrastructure to the north, avoiding the creation of isolated development, or development with poor connectivity to the north.

Highway frontage commercial area

- The Leongatha Framework Plan map identifies a 'Bulky Goods Retail Area' on the western side of the Highway and a 'Highway Frontage Commercial Area' on the eastern side.

The Bulky Goods Area should primarily support larger floor plate 'Restricted retail premises' type uses such as the retailing of furniture, whitegoods, electrical equipment, bedding and manchester, lighting, automotive parts, camping and outdoor equipment, tools, building materials and DIY and homemaker products.

The 'Highway Frontage Commercial Area' should primarily support uses that are not suited to a Town Centre location, benefit from highway exposure and that will have visitation patterns that do not encourage cross highway vehicle and pedestrian traffic movements. Such uses may include Car wash, Conference / Function centre, Emergency services facility, Hotel, Landscape gardening supplies, Motel, Motor vehicle boat or caravan sales, Place of worship, Service station, Trade supplies, and Veterinary centre.

Where a planning permit is required for the use of land it is policy to discourage on either side of the Highway the following uses, Accommodation, Food and drink premises, Industry, Office, Place of assembly (excluding those listed above), Retail premises (excluding those listed above) and Warehouse.

The establishment and consideration of these uses and developments should be guided by the following strategies:

SOUTH GIPPSLAND PLANNING SCHEME

- Strongly discourage commercial or community uses that may weaken the primacy of the Town Centre.
- Strongly discourage the establishment of industrial uses, or other discretionary uses, that may detrimentally affect the amenity of surrounding sensitive land uses.
- Promote high quality urban design, site layout, building and landscape design suitable to a township entry point, which provides / encourages:
 - Appropriate buffers to adjoining sensitive land uses.
 - Generally consistent building setback lines with buildings of not more than 10 metres height above ground level. Building layout should consider the long term potential for widening of the highway.
 - Ample onsite car parking, without visually dominating front setbacks.
 - Subdivision, building layout and access design that avoids the requirement to create new highway access points.
 - Building siting and design which makes efficient use of land with specific regard to minimizing unused areas of land (not including landscaping) to the side and rear of development.
- Investigate the implementation of a Design & Development Overlay, or design guidelines, over the land adjoining the highway frontage that will promote urban design outcomes suitable to a township entry point.

Development Infrastructure Provision

Significant development infrastructure improvements must occur in the Growth Area, and the broader surrounding area, to support development. The provision of infrastructure should be guided by the following strategies:

- Encourage the location and design of new highway intersection treatments that facilitate development on both sides of the highway, avoiding the proliferation of highway entry points.
- Where residential areas are accessible through commercial areas, encourage the creation of wide landscaped road reserves that create a residential *sense of place*.
- Create an internal road network that considers the future requirements of adjoining undeveloped land and the potential for cumulative increased usage over time.
- Consider the requirement for road and pathway infrastructure upgrading and funding at locations separated from development sites.
- Investigate the creation of a new connector road between Parr Street and Nerrena Road and the relocation of the Simons Lane Bass Highway intersection to a safer location further north of the existing intersection.
- Create a shared pathway network around the boundaries of the Growth Area and along both sides of the highway.
- Promote integrated storm water management on a 'whole of catchment' basis, avoiding the duplication of drainage assets or reliance on overland flows outside of drainage easements and declared waterways.
- Encourage the provision of reticulated sewage assets that consider the development requirements of surrounding land and avoid asset duplication and the need for incremental asset upgrading.

Infrastructure provision must address the requirements of Council's Infrastructure Design Manual.

Open space / Community use / Neighbourhood retail

SOUTH GIPPSLAND PLANNING SCHEME

- Provide and/or reserve an open space reserve of approximately 4ha on the flatter sections of the residential area west of the highway. Additional open space should also be provided at a location adjoining the rail trail if this is not achieved by the 4ha.
- Provide and/or reserve a 1ha (minimum) land parcel west of the highway for future community development infrastructure.
- Provide continuous lineal open space connectivity between the eastern end of Parkside Close and the wetland area adjoining the Boags Road / Tarwin Ridge Boulevard.
- Investigate the potential to provide a small local park adjoining Coalition Creek.
- Investigate the potential to locate a small neighbourhood retail service centre (adjoining an open space reserve) in the residential area west of the highway.

Actions for implementation

- Prepare a detailed development infrastructure plan (in accordance with Council's Infrastructure Design Manual) that will form the basis for a developer contributions scheme to be implemented through a Development Contributions Plan Overlay or section 173 Agreements instigated when land is rezoned or developed. The plan should address, but not be limited to:
 - the full construction of the whole length of Simons Lane; upgrading the Boags Road / Simons Lane highway intersection.
 - Improvements to the Simons Lane / Bass Highway intersection including its potential relocation further north.
 - Improvements to the South Gippsland Highway intersections with Parr Street and Greenwood Parade.
 - The provision of shared pathways, open space drainage and community infrastructure.

Infrastructure planning must be considered on a 'full development scenario' and consider the timing / staging (trigger points) of infrastructure provision.

- Investigate the application of a Special Use Zone to the 'Bulky goods retail area' and the 'Highway frontage commercial area' to guide the use of the precinct in a manner that responds to the amenity interface issues of the proposed residential areas, does not weaken the established commercial role of the Town Centre, and minimises the 'cross Highway' commercial interrelationships of the land uses.
- Review the existing zoning of the Town Centre and immediate surrounds and prepare a detailed strategic plan for the Town Centre which includes consideration of the areas identified as 'Town Centre Expansion Investigation Areas' and 'Future Commercial Investigation Area'.

E.9 MUNICIPAL ASSOCIATION OF VICTORIA PLANNING COMMITTEE

Development Services Directorate

EXECUTIVE SUMMARY

The Municipal Association of Victoria (MAV) has requested nominations from Councils to participate in the MAV Planning Committee. Cr Hutchison Brooks and Director Development Services Phil Stone have been nominated for membership and their nominations were forwarded to the MAV in January 2013, prior to the deadline set by the MAV.

Document/s pertaining to this Council Report

- **Attachment 1:** MAV Planning Committee Terms of Reference

COUNCIL PLAN

Strategic Goal:	3.0	A Strong Economy
Outcome:	3.3	Infrastructure
Strategy No:	3.3.4	Land Use Planning: Ensure that land use planning supports the orderly and sustainable development of land

REPORT

Municipal Association of Victoria's (MAV) Planning Committee is one of several which report to the MAV Board and is used as a mechanism to engage with the sector and inform policy submission, projects and advocacy. The committee is appointed for a two year period and meets on a quarterly basis.

The MAV Committees have been a significant means of receiving input on a range of critical issues impacting the sector and as a policy development forum for the MAV.

MAV Committees are chaired by an MAV Board member and the terms of reference are attached to this report.

FINANCIAL CONSIDERATIONS

N/A

RISK FACTORS

N/A

CONCLUSION

Cr Nigel Hutchison Brooks and Director Development Services Phil Stone nominations for membership of the Municipal Association of Victoria's (MAV) Planning Committee were sent in January 2013.

RECOMMENDATION

That Council endorse Cr Nigel Hutchison Brooks and Director Development Services Phil Stone have been nominated for membership of the Municipal Association of Victoria's (MAV) Planning Committee.

STAFF DISCLOSURE OF INTEREST

Nil

Attachment 1

TERMS OF REFERENCE NOVEMBER 2012

MAV PLANNING COMMITTEE

Chair:	MAV Board member
Purpose:	To engage member councils and inform and progress land use planning issues impacting on local government as prioritised by the MAV Strategic Plan and through State Council.
Scope:	The group will address planning issues prioritised by the MAV Board through the Strategic Plan and in response to State Council resolutions.
Membership:	The membership is determined by the Board and seeks to include council representatives from both metropolitan and regional Victoria: <ul style="list-style-type: none"> • The committee should have a broad representation from across the state. • Representation to include a mixture of councillors and senior council officers.
Role of Members:	<ul style="list-style-type: none"> • To inform the MAV of councils' positions, issues and strategies identified in each region • To support consultation with logical groupings of councils on current state-wide planning issues • To participate in the formulation of MAV state-wide policy positions and campaigns • To respond to out-of-session communications
Priorities and Timelines:	<ul style="list-style-type: none"> • The committee should identify priority issues consistent with the Strategic Plan, State Council resolutions and MAV Board priorities annually • Short-term project or policy specific working groups may be created where the need arises • Meetings every quarter • Review achievements and future strategy annually
Term of Group:	<ul style="list-style-type: none"> • November 2014 at which time the board will undertake a review.
Reporting:	<ul style="list-style-type: none"> • Minutes and outcomes from committee meetings to be reported to the MAV Board by the committee Chair.
MAV Resourcing:	<ul style="list-style-type: none"> • Secretariat functions to the Advisory Committee – MAV • All member councils to be regularly circularised regarding the activities of the committee.
Media and Communications	<ul style="list-style-type: none"> • The MAV President is the media spokesperson for the MAV. He may, at times, give express permission for the CEO or another person to act as a spokesperson on a specific matter. All media inquiries that occur in your capacity as a member of an MAV committee should be redirected to MAV Communications (Debbie Smith, 9667 5521, 0414 396 097, dsmith@mav.asn.au) for the attention of the President.

E.10 ANIMAL REGISTRATION FEE AND STRUCTURE REVIEW

Development Services Directorate

EXECUTIVE SUMMARY

The Domestic Animals Act 1994 (the Act) controls how Council determines registration fees for dogs and cats including permitting Council to charge a reduced fee for micro chipped dogs and cats. The Act has recently been amended in that micro chipped dogs and cats will no longer automatically receive the reduced fee. As a result of the amendments it is necessary for Council to amend its animal registration fees.

The proposed fee structure is projected to increase animal registration fee revenue for the current financial year from \$208,899 to approximately \$209,763. The majority of dog and cat registrations are for desexed dogs and cats. Registration fees for desexed dogs and cats will increase by \$4 from \$32 to \$36 (\$16 to \$18 for pensioner owned animals).

Document/s pertaining to this Council Report

- **Attachment 1** - Current Animal Registration Fee Structure
- **Attachment 2** - Proposed Animal Registration Fee Structure
- **Attachment 3** - Financial implications

LEGISLATIVE / ACTION PLANS / STRATEGIES / POLICIES

Domestic Animals Act 1994, Section 15

INTERNAL POLICIES / STRATEGIES / DOCUMENTS

Domestic Animal Management Plan 2008

COUNCIL PLAN

Strategic Goal:	1.0	A Vibrant Engaged Community
Outcome:	1.2	Health and Well Being
Strategy No:	1.2.3	Community Health

CONSULTATION

The Bureau of Animal Welfare has been consulted regarding the proposed changes.

REPORT

Background

The Act controls how Council determines animal registration fees for dogs and cats. It permits Council to charge a reduced fee in certain circumstances including: if the animal is desexed; older than 10 years; kept for breeding purposes or implanted with a prescribed permanent identification device (i.e. micro chipped). The reduced fee must be not more than 1/3 of the maximum fee.

The Act has recently been amended so that it is necessary for Council to amend the structure of animal registration fees and set the maximum and reduced fee amounts.

Discussion

The Act was amended in 2005 offering reduced fees for micro chipped cats and dogs. In 2007 amendments to the Act mandated micro chipping for all newly registered dogs and cats and that the reduced registration fee for micro chipped animals would be withdrawn after five years. In 2008 Council introduced mandatory micro chipping through Council's Domestic Animal Management Plan for animal registration renewals.

Now that the Act has been amended, owners of newly registered animals that are micro chipped will not automatically receive the reduced fee. Owners of micro chipped animals that are already registered will continue to receive the reduced fee until the death of the animal.

Proposal

The current fee structure is detailed in Attachment 1. The proposed fee structure is detailed in Attachment 2. The financial implications are detailed in Attachment 3. Overall the proposed fee structure (Attachment 2) is projected to increase animal registration fee revenue for the current financial year from \$208,899 to approximately \$209,763. The impact on the individual registration categories is listed below. Pensioners will continue to receive a 50% discount for the nominated fee. Micro chipped animals that were first registered before 11 April 2013 will continue to receive the reduced fee.

New registrations

- \$4 increase (from \$32 to \$36) for desexed dogs and cats
- \$11 reduction (from \$47 to \$36) for undesexed dogs kept for working stock
- \$32 reduction (from \$68 to \$36) for undesexed dogs and cats kept for either;
 - breeding by registered breeder;

- have undergone obedience training in the case of dogs; or
- are registered with an applicable organisation if the owners are members of that organisation.

\$40 increase (from \$68 to \$108) for remaining undesexed dogs and cats animals (i.e. microchip concession no longer applies for new registrations)

- Nil increase (\$205) for dangerous and menacing dogs. (Note new registrations unable to be received for restricted breed dogs)

Registration renewals

- \$4 increase (from \$32 to \$36) for desexed dogs and cats
- \$11 reduction (from \$47 to \$36) for undesexed dogs kept for working stock
- \$32 reduction (from \$68 to \$36) for remaining undesexed dogs and cats
- Nil increase (\$205) for dangerous, menacing and restricted breed dogs

FINANCIAL CONSIDERATIONS

The proposed fee structure is projected to increase animal registration fee revenue for the current financial year from \$208,899 to approximately \$209,763.

RISK FACTORS

Nil

CONCLUSION

It is recommended that Council note how Council determines animal registration fees, impact of the recent changes to the Act that will take effect on 13 April 2013 and the need for Council to amend its animal registrations fees and structure.

RECOMMENDATION

That Council:

- 1. Note the legislative changes that effects how Council determines animal registration fees for dogs and cats.**
- 2. Adopt the proposed animal registration fee structure detailed in Attachment 2.**

STAFF DISCLOSURE OF INTEREST

SECTION F - URGENT OR OTHER BUSINESS

There are two basic parts to this section of the Agenda:

1. Urgent Business

Normally no motion should be debated by Councillors unless the matter is already included as an item on the Agenda. However in some circumstances it is possible to raise urgent motions.

The Meeting Procedure Local Law No.3 (Clause 46) allows for where a situation has not been provided for under the Local law, the Council may determine the matter by resolution. Established practice has provided for urgent motions to be raised at Council provided the matter cannot be dealt with at the next ordinary meeting of Council or by officers under delegation.

It is necessary for the Councillor wishing to raise a matter of urgent business to raise a motion similar to the following: 'That consideration of (*the issue*) be dealt with as a matter of urgent business and Councillorbe allowed a 'short period' to indicate the reason(s) why the matter should be considered as a matter of urgent business". If the Chairperson accepts the motion as meeting the urgent business criteria, normal meeting procedures in Local law 3 will apply.

If the motion to accept the item as a matter of urgent business is passed by Council, the motion relating to the specific issue can then be put and debated in the normal way.

2. Other Business

This provides an opportunity for Councillors to raise items of general interest to the Council and the community. It may relate to an up coming event or the outcomes of a recent meeting with a Minister etc.

SECTION G – GENERAL QUESTION TIME

G.1 QUESTION TIME

G.2 ANSWERS TO PREVIOUS QUESTIONS ON NOTICE

The following question was taken on notice at the previous Council Meeting of 28 November 2012 and a response is now provided.

At Ordinary Council Meeting 28 November 2012, Cr Hill asked a question on behalf of Ms Susie Cordia requesting that community members that live outside of the Shire be included in Council's survey processes. Ms Cordia requested that Council consider a postal survey to obtain views of those who do not live in the Shire full time.

An answer to the question has been provided.

Council has strongly indicated the desire to improve our community consultation and engagement. As Council discusses the best methods and strategies to improve our consultation methods, Council's Draft Communication and Consultation Policy and Toolkit 2012 is being used as a guide to assist officers to identify and use appropriate methods of consultation. Postal surveys and electronic surveys are options that may be considered. Unfortunately, a postal survey is not always efficient or effective as a method to capture non-resident ratepayer feedback.

For example, Council has approximately 7,100 Non Resident ratepayers. Printing and Posting letters, surveys and reply paid envelopes will cost approximately \$1.80 each. The result is an expense of \$12,800. The time required preparing and allowing for delivery and return may also be long.

To improve our communication and be more efficient, officers are currently preparing a Social Media policy, which will address some of the gaps in communication that have been identified. Non-permanent residents can then follow our updates on social media such as Facebook or Twitter, where we can provide up to date information that is more effective than just traditional methods of communication. A business case is currently being developed for the upgrade of a new Council website, which when completed, will also improve access to relevant information and improve navigation.

CLOSED SESSION

Consideration of confidential matters under the Local Government Act 1989, Section 89(2).

According to Section 89 of the Local Government Act 1989 (the Act), Council may consider items in closed session. There must be a resolution to move 'In Committee' stating the reasons why the matter(s) need to be considered in this way. The reasons provided for within the Act are matters concerning personnel, personal hardship, industrial issues, contracts, proposed developments, legal advice or any other matter that Council considers would be prejudicial, to it or any other person.

Once 'In Committee' discussions and debate have concluded, a further resolution to resume open Council is required.

ITEM 1 MAV CONTRACT C031-12 SUPPLY TO LOCAL GOVERNMENT AUTHORITIES - THROUGH NATIONAL TENDER RFT-031_12 FOR THE PROVISION OF FUELS AND LUBRICANTS – FUEL CARD SERVICES

RECOMMENDATION

That Council close the Meeting to the Public to allow for consideration of a Contractual Matter pursuant to Section 89(2)(d) as provided for by the Local Government Act 1989.

SECTION H - MEETING CLOSED

NEXT MEETING

The next Ordinary Council Meeting open to the public will be held on Wednesday, 27 March 2013 commencing at 2pm in the Council Chambers, Leongatha.
