

Job Shadow Day

South Gippsland Shire Council was pleased to be involved with Work Solutions Gippsland's Job Shadow Day initiative. Job Shadow Day is designed to bring people with disabilities and local employers together to promote equal opportunities and highlight the valuable contribution people with disabilities can make in the workforce.

Council's Acting Manager People and Culture, Marie Downie, said Council was pleased to be involved with Job Shadow Day.

"Job Shadow Day is a great initiative. We hosted three Job Shadow participants in our Coal Creek, Economic Development and Community Strengthening teams. Penelope, Libby and Rebecca completed a variety of work tasks related to their respective areas. The day provided an opportunity for the Job Shadow participants to see what Council does and to obtain valuable work experience. We look forward to participating in Job Shadow Day again in the future."
