## COMMUNITY FORUMS

Throughout 2019 South Gippsland Shire Council is organising more opportunities for the wider community to meet with Councillors and staff to discuss local issues and priorities.

One key way this will be undertaken is by holding local community forums across South Gippsland.

This process started late February with the first meeting held in Jumbunna Hall. The purpose of the Forum was for people to come and discuss matters that are important to the community. Council staff will also make presentations about projects that affect these particular areas.

Council will be holding forums of this nature in different locations across South Gippsland every month, with a forum at Tarwin Lower on 18 March and Poowong on 1 April.

Community forums provide the local community with a great opportunity to share information with each other and work together on projects that need more than one town/district to complete. A full listing of the dates and districts will be available on Council's website.

More information can be found on the Council website or by calling Ned Dennis on 5662 9200.
