

Community Welcomed to Free Heritage Craft Day

Coal Creek Community Park and Museum is hosting a free Heritage Craft Day next Sunday 4 August. Visitors to the Park will be treated to old-world fun-filled activities.

There will be a range of interesting demonstrations from skilled craftspeople including blacksmithing and wool spinning.

Traditional damper and bush tea tastings will be available and 'lost trades' will be on show throughout the day.

A key feature of the day is the Coal Creek Beard Competition where prizes will be awarded for the Best Full Beard, Best Partial Beard and Best Moustache.

Various displays, stalls and food vendors will also be scattered throughout Coal Creek's unique bush setting for everyone to enjoy.

South Gippsland Shire Council's Manager of Economic Development and Tourism, Renae Littlejohn was pleased Coal Creek was providing a free event for the community to enjoy.

"Everyone is invited to the Heritage Craft Day happening at Coal Creek next week. The event has been successful in previous years and is a lovely day out for the family.

"The beard competition has brought in visitors from outside the region to challenge the hirsute locals. It is wonderful to have a little fun and see who will win!" said Ms Littlejohn.
