

Permit to Install Application Review Process

*South Gippsland
Shire Council*

We review your application and supporting documents to ensure they are complete and there are no immediate needs to request more information

A desktop assessment is done to review detailed mapping of your site and the system design you have proposed to ensure it is viable

A Council officer will visit your property to look at the proposed area to confirm the decision of the desktop assessment

If we have any questions we will contact the person who lodged the application

After any questions have been resolved (if necessary) the permit will be issued
