## South Gippsland Shire Council News Local Support for COVID-19 Hardship

Are you needing support due to circumstances caused by the COVID-19 pandemic? Council has created a COVID-19 Support Booklet that can help you connect with local services and supports that are currently available.

Council appreciates the amount of information being provided to the community during the response to COVID-19 and hopes that this booklet will help people in need navigate the current situation.

The booklet was created in partnership with Bass Coast Shire Council, Latrobe Health Assembly, South Coast Primary and Community Partnership and Department of Health and Human Services as a way to

support the community during the pandemic.

South Gippsland is fortunate to have a wide range of support services available and these organisations are ready to support those who need assistance right now.

The booklet is available online and is being distributed to local service providers in a print version to provide to the community.

If you would like to view the booklet online please visit Council's website
