Bair Street - Streetscape Works Underway

The contract for the next stage of the Bair Street Project has been awarded.

Local contractor BJ's Earthmoving will be completing the streetscape redevelopment (civil works) which includes:

- Renewal and redirection of stormwater infrastructure;
- Renewal and reconfiguration of road and footpath pavements;
- Reconfiguration of parking to a combination of angle and parallel parking;
- Reduction to a narrower roadway, with a single lane of traffic in each direction;
- Increased footpath widths;

- Addition of raised zebra pedestrian crossings;
- Removal of pedestrian activated signals.

Civil work commences this week and will continue through to mid-2021.

There will be some overlap with the electrical stage of the project, which is set to be completed in October 2020 when the overhead powerlines are removed.

Whilst COVID-19 pandemic restrictions are in force, Council Meetings will be conducted virtually and access to the live stream will be the 'open' component of Council Meetings.

Please contact the Council Business team should you require assistance with any aspect of Council Meetings.
