

## Community Infrastructure Advisory Committee Endorsed

A Community Infrastructure Advisory Committee will be established for South Gippsland following endorsement at Wednesday's Council meeting. The Committee will be responsible for examining Council's annual Capital Works Program budget, reviewing community proposals and guiding and assisting Council to achieve its strategic infrastructure objectives.

It is expected that the Committee will also increase transparency in decision making which is required by the new Local Government Act 2020.

South Gippsland Shire's Chair Administrator Julie Eisenbise is pleased the Capital Works Advisory Committee will be proceeding.

"The Community Infrastructure Advisory Committee will form a critical part of Council's capital works process. Members of the Committee will be expected to serve the interests of the Municipality as a whole and will be selected to reflect community demographics.

"This is such an important role and we would encourage interested community members to step forward for nomination," said Ms. Eisenbise.

Terms of Reference for the Community Infrastructure Advisory Committee were endorsed at the Meeting. These outline committee responsibilities and governance principles. Council will now commence an Expression of Interest process. At the conclusion of the Expression of Interest process, applicants will be considered and selected at a future Council Meeting.

For more information, please contact Council on 5662 9200.
