Toora Pool Upgrade Progress

The Toora pool carpark reconstruction is now complete with the asphaltting and line marking undertaken last week.

Local contractor BJ's Earthmoving has created high quality access to the facility for our community.

Some minor works outside this contract are required to complete the project, which is the final stage of improvements at the pool.

Earlier stages included an upgrade of the Changerooms, which was followed by the construction of the new splash park late in 2019.

We are pleased to see these works progressing steadily to ensure that the pool is in top shape for the community to enjoy over summer.
