

Council Purchases 'Top of the Town' Site in Korumburra

In order to facilitate traffic movements and parking arrangements around the new Korumburra Community Hub, Council has purchased the Top of the Town site.

The site was for sale on the open market and Council can now confirm that it is the purchaser.

Settlement is scheduled to take place on 3 May 2021.

Quotes attributable to South Gippsland Shire Council's Director of Sustainable Infrastructure, Anthony Seabrook:

This strategic land purchase will allow us more scope for improvement of traffic flows and parking around the Korumburra Hub.

Having access to this site means that we can continue our work to implement the Korumburra Town Centre Framework Plan.

With the Hub, the mainstreet works, the railway station site improvements, the Great South Rail Trail extension and – hopefully – the new supermarket, it is a very exciting time for Korumburra.
