South Gippsland Shire Council News

An opportunity to provide your thoughts

South Gippsland Shire Council is starting the process of creating new Economic Development and Visitor Economy strategies, and we want to hear from you.

Council is inviting all community members and visitors to join the conversation on how we can ensure the prosperity of our region into the future. Who better to ask about how to position our region than those who live in it?

The Economic Development and Visitor Economy strategies will respond to the most significant challenges

and opportunities that our region is expected to face over the next 10 years.

It will also utilise the support of the Economic Development and Visitor Economy Advisory Groups to ensure South Gippsland is a prosperous and thriving economy and a key visitor destination.

If you would like to participate in this round of feedback before it ends on Friday April 23, please visit: www.southgippsland.vic.gov.au/thrivingsouthgippsland

Are you interested in becoming an L2P Mentor?

Council is looking for fully licensed drivers who have a couple of hours a week free to teach the next generation how to drive.

The TAC L2P Learner Driver Program is a statewide initiative designed to help disadvantaged young people aged between 16 and 21 gain driving experience so they can get their license.

If you are ready to sign up, please call Denise Trani on 5662 9200. More information can be found here: southgippsland.vic.gov.au/l2p

ADAPTABLE COMMUNITIES TRAINING

South Gippsland Shire is providing a series of four free workshops across 2021 that have been designed to help community organisations recover from the challenges of 2020. We are encouraging all community members, volunteers and staff from community organisations and groups in South Gippsland to attend one or more of these workshops.

The workshops have been created to provide organisations with the tools and insights to help them explore what's next in 2021, re-engage with supporters or members, plan projects and source funding for those projects.
