

Administrators' Message

We have had some wild weather conditions this week with substantial rainfall and wind blowing through our region. Over 100 roads were impacted by fallen trees and flooding, and homes were left without power.

Weather events like this don't happen often thankfully, but when they do they cause a lot of damage and inconvenience for us all. Our teams are working hard to clear roads as quickly as possible to make them safe for you to travel on. You can keep updated with their progress via Council's website www.southgippsland.vic.gov.au/roadclosures

We would like to extend our thanks to South Gippsland's emergency services, volunteers and Council staff who worked tirelessly throughout the significant weather event – 24/7 – to keep you all informed and as safe as possible. It is not an easy job and we are very lucky to have such dedicated people in our community.

A further easing of COVID-19 restrictions was announced on Wednesday 9 June. With increased density limits at restaurants and more businesses being able to open, it is great news for many South Gippsland businesses and towns who can open up once again.

Those wanting to stay up-to-date with the changing restrictions can visit www.dhhs.vic.gov.au/coronavirus

This period has been and continues to be hard on South Gippsland businesses and residents. We strongly encourage anyone who is struggling to get in contact with Beyond Blue on 1300 22 4636.

While there are still restrictions in place in Melbourne and they cannot share our amazing region with us just yet, we are excited to welcome them back again soon.

Julie Eisenbise, Christian Zahra AM and Rick Brown – Administrators
