

South Gippsland Community Grants – Round One Awarded

South Gippsland Shire Council would like to congratulate the successful applicants from Round One of the 2021/22 Community Grants Program.

Sixteen applicants were successful in receiving funding for their projects with \$70,905 awarded across four categories.

The Community Grants Program aims to support community initiatives, projects and events that support the South Gippsland region. They also have positive social and economic benefits for the broader community and ensure that community, volunteer and not-for-profit organisations have additional funds to support priority projects within their organisation.

If you haven't had a chance to apply for Round One or were unsuccessful, we encourage you to apply for Round Two of the program which closes on Thursday 31 March. Before you apply, it is advised that you have a chat with the Grants Officer, Sophie Bolding on either 5662 9200 or emailing grants@southgippsland.vic.gov.au

For more information on the grant application process, please visit www.southgippsland.vic.gov.au/grants

Quotes attributable to South Gippsland Shire Mayor Mohya Davies:

“Congratulations to all of this year’s Round One grant recipients. These grants support a wide variety of local groups and associations within South Gippsland. This is evident when you look at the list of successful recipients. It is great to see organisations of all kinds getting funding from Council to support their work.”

PR2735 9/3/22
