## South Gippsland Shire Council News

### New ArtCubes Project

We are excited to announce a new community-based art initiative from South Gippsland Shire – the ArtCubes project.

ArtCubes is the name we have given to three cube containers that are about to be transformed into portable, adaptable, experimental creative spaces.

Each cube is solar-powered and designed to safely house creative installations with open or closed doors. Viewing is also available through the windows. They can be transported anywhere, bringing

innovative experiences to every corner of the Shire.

The ArtCubes will be launching in the coming months (details TBA) and will change location on a seasonal basis.

Some funding will be available to assist with hosting the ArtCubes, so if you are interested in this project, please let us know.
