Community Leadership Program 2023

On Wednesday 23 August, Council's 2023 Community Leadership Program participants completed their final session, and celebrated their achievements at the Chapter Barn in Outtrim.

The program consisted of 10 sessions, each encapsulating the themes of leadership, collaboration, and community enrichment.

In addition to these sessions, the program required each participant to complete a group project where each group worked together to develop a project plan that they presented at the celebration event. The projects were focused on improving social

connection and inclusion across South Gippsland. Council thanks the participants for their commitment to the program, and wishes them well on their leadership journey.

Manufacturing Tour

Councillors and Council's Executive Leadership Team recently headed out on a tour of some of South Gippsland's manufacturing businesses.

Manufacturing is essential to our region. Collectively, this industry contributes around 18 per cent of South Gippsland's economy.

As our region evolves and the energy transition ramps up, the capability and innovation of our manufacturing industry will be important to ensuring South Gippsland businesses are part of the supply chain.
