### Help Improve Access and Inclusion in South Gippsland

Share your thoughts on the Draft Access and Inclusion Action Plan 2026 - 2030. The Plan outlines Council's commitment to identify, reduce and prevent barriers that affect people's ability to participate fully in community life.

The Plan is shaped by people with lived experience of disability, Council's Access and Inclusion Advisory Committee and staff from across the organisation.

It focuses on four key priority areas:

- Communication and engagement.
- Inclusive Council environments.
- Healthy, active and connected living.

- Inclusion, safety and fairness.

The Plan recognises that barriers to participation affect not only people with disability, but also their families and carers, and others who face physical, social, cultural, economic or systemic exclusion.

Providing your feedback helps Council to fully understand our community's needs, assisting with creating a more inclusive, accessible and equitable South Gippsland for everyone who lives, works and visits here.
