Help shape the future of local swimming pools

Last week, South Gippsland Shire Council put out the Aquatics Options Paper for community consultation.

The Paper has been developed in response to the significant challenges facing Council's six aquatic facilities, including ageing infrastructure, changing visitation numbers, rising operating costs and the substantial investment required to renew pools.

We want to assure you that **no decisions have been made**. Community feedback will be considered alongside evidence about asset condition, visitation, operating and maintenance costs, future capital requirements, service provision, risks and Council's other strategic priorities.

We want to hear from everyone, whether you use a local pool regularly, occasionally or not at all. Every voice matters.

Feedback closes **Sunday 6 December 2026**.
