

South Gippsland Shire Council welcomes more investment in Korumburra

South Gippsland Shire Council has welcomed the commitment from the Victorian Government to allocate \$495,000 for the next stage of development works at the Korumburra Railway Precinct.

The Korumburra Railway Precinct redevelopment has activated a once derelict space, bringing a new skate park to the town in a much more desirable location. With the addition of the new netball and basketball shooting court and expanded landscaping, it will ensure more people can enjoy the space.

Korumburra has seen lots of investment over recent years with the completion of several projects including the Korumburra Community Hub, Korumburra Pedestrian Link connecting Commercial and Little Commercial Streets, new Streetscape, Multipurpose Synthetic Training Facility, and works currently occurring at the Korumburra Tennis Club.

Funding announced on Wednesday 14 October was provided through Sport and Recreation Victoria's Local Sports Infrastructure Fund with Council contributing \$165,000 towards the project.

Quote attributable to South Gippsland Shire Council Mayor, Councillor Nathan Hersey:

"I would like to thank the Victorian Government for their investment in our region. The court and associated landscaping will be a welcomed addition to the Korumburra Railway Precinct."

"The investment in Korumburra shows Council's commitment to enriching and enhancing all our towns with the infrastructure they need."
