Vera Greenley
Strategic Planning Officer
South Gippsland Shire Council

Dear Vera,

Application Number (CMA Ref): WGCMA-F-2024-00112

Property: **Street:** C119 Erosion Overlay Changes & Design Guidelines for
Sloping Land Leongatha Vic 3953
Cadastral: Lot 2 LP43259, Parish of Leongatha

Thank you for your enquiry received at the West Gippsland Catchment Management Authority ('the Authority') on 7 February 2024 in relation to Planning Scheme Amendment C119sgip.

The Authority understands the amendment proposes to update the Erosion Management Overlay in the South Gippsland Planning Scheme by:

- Replacing the existing mapped areas of Environmental Significance Overlay Schedule 5 with the Erosion Management Overlay Schedule 1 to protect areas susceptible to erosion.
- Introducing new permit exemptions that will require a permit where erosion impacts are more likely and generally not required where erosion risk is not increased.

It is understood that the land area covered by erosion overlay controls is not changed by the amendment.

Having reviewed the amendment documentation, the Authority can advise it has no concerns with the proposed changes and does not object to Planning Scheme Amendment C119 to the South Gippsland Planning Scheme.

Change to EM01 Schedule Permit Requirement

Type	Change Requested	Comment and resolution
Amend the EM01 Schedule	Suggest: change proposed "non-indigenous vegetation" to the defined term: "native vegetation"	Recommended that permit requirement wording be changed to the defined term of "native vegetation": <ul style="list-style-type: none"> • A permit is not required to: Remove, destroy or lop non-native vegetation in a domestic garden.

Change to EMO1 mapping extent – Grid Area 16

Type	Change requested	Comment and resolution
Reduce EMO1 extent in Grid Area 16	The mapping extent within Grid Area 16 (Leongatha) has been exhibited with part of Shingler Street currently zoned GRZ1 to be affected by the EMO1. The EMO1 extent should match the extent of the Farming Zone and be reduced to the west.	Reduce extent as per below:
