Re the proposed name change – Meeniyan

a. Section 1 – rename and renumber section 1 of McIlwaine Street Meeniyan, traversing in a westerly direction off Meeniyan Promontory Road as “Hewett Street”.

As adjoining land holders we are strongly opposed to this name and number change. It seems obvious to us that this is an unnecessary expense and inconvenience for all land holders concerned.

If a reason for this change is due to difficulties for emergency services and other visitors to the area, it would make more sense to complete McIlwaine street instead of maintaining a “no thru road” in the middle of it. However, more to the point it would be more appropriate for money and time to be spent on correcting the GPS and mapping problems/mistakes associated with poor directions.

P.S It also seems that the Shire records have still not been updated (even though they have been notified) as our mail continues to be sent to our past address at Zerbes road Buffalo. Could this please be corrected.

Yours Sincerely,
