Council's Commitment to the Community

As Councillors, we are committed to demonstrating leadership by working constructively together and with the organisation to achieve success.

The next four years we commit to:

- Value the contribution made by everyone; to listen to you and each other.
- Value individual diversity, act with respect and professionalism in our interactions with you and each other, and never seek to undermine, mislead or undervalue anyone.
- Value opportunities that come from change, keeping our focus on the future and our responses flexible for a constantly evolving world.
- Value the community spirit, vibrancy and unique character of each of our towns and rural areas.
- Encourage our communities and support our community leaders.
- Value the depth and breadth of creative thinking and the outcomes that can be achieved from working closely with our communities, businesses, supporting agencies, government agencies and other councils.
- Embrace and encourage community engagement, work collaboratively with others and establish partnerships that benefit our communities and the wider region.
- Value our reputation in the community and the region, and acknowledge that we are the guardians of community information.
- Respect the trust placed in us by seeking to be as open and transparent in our decisions as the law allows, to help the community understand the decisions Council makes.
- Value constructive criticism that helps us understand how and where we need to improve.
- Proactively reflect on our own behaviour, that of each other and of the organisation as a whole, to continually build the capacity, passion and success of this Council.

Community Requests for Consideration

The following verbatim comments encapsulates some key themes from our community consultation process.

Infrastructure

"Improve the **roads** and **roadsides** – both Council's sealed and unsealed roads, and **advocate** to encourage VicRoads to improve its roads."

"Build **footpaths** so we can get from place to place more **safely**."

Lifestyle

"More or better *community facilities* for libraries, equestrian, trails, recreation and *community spaces* are needed."

"Development of *Arts and Culture* has commenced; please *keep the focus* on it going."

Communit

Community Requests for Consideration

The following verbatim comments encapsulates some key themes from our community consultation process.

Growth & Prosperity

"Focus attention on the **economic growth** of our Shire, the **sustainability** of our **businesses** and the **creation of jobs**; our survival depends on it."

"Our main townships are struggling; continue their **revitalisation**, but don't forget about some of our **smaller communities** as there are things we need too."

"The cost of living is escalating, so please improve the *efficiency* of your operations to minimise rate rises, *keep rates affordable* and reduce them where you can."

Community

"Please *listen* to what we are saying to you."

"Work with us - we want to get involved in what you're *planning* and doing that affects us, we also have things we want to *achieve* that will *benefit our communities.*"

"Communicate what you are doing – open up and be more transparent about what you've based your decisions on."

Council's Response

This 2017-2021 Council Plan responds to these community requests.

The Strategic Objectives with their Strategic Overviews and Strategic Outcomes provide the overarching direction for the Council over its four year term.

The Strategies provide greater detail on the focus areas that Council realistically aims to address and the Strategic Indicators assist in monitoring progress to achieve them.

Council's Vision

South Gippsland Shire will be a place where our quality of life and sense of community are balanced by sustainable and sensitive development, population and economic growth.

Council's Strategic Objectives

Strengthen Economic Growth & Prosperity

2

Build Strong Partnerships, Strengthen Arts & Culture & Deliver Equitable Outcomes

3

Improve South Gippsland's Built Assets & Value our Natural Environment

Enhance Organisational Development & Implement Governance Best Practice

Objective Overview

A strong, resilient and growing regional economy with vibrant commercial precincts where businesses are supported and jobs created.

Our region's agriculture, value adding, food production and manufacturing sectors are promoted and supported, recognising that the diversity and strength of these industries is the major economic base of the Shire.

Attracting businesses, investments, tourism and new residents will grow the Shire.

A well-planned Shire that identifies areas for population growth, protects natural resources and agricultural land, guides development, considers climate change and encourages sustainable economic growth – all supported by appropriate infrastructure.

The unique character of our smaller towns is recognised and supported.

Successful Outcomes

- The Shire has a vibrant, resilient regional economy that continues to support and grow agriculture, value adding, food production, manufacturing and the visitor economy.
- Our main towns have vibrant commercial precincts.
- Priority Projects are identified, advocated for and aligned to State and Federal policy objectives.
- Existing rail trails promoted and new trails developed to support growth to our visitor economy, enable a healthier lifestyle and enhance wildlife corridors.
- An adequate supply of land to support future business, residential, agriculture and tourism markets.

Local Government Performance Reporting Framework

The Strategic Resource Plan (SRP) describes the financial and non-financial resource requirements over a four-year period. The SRP is derived from the Annual Budget document that incorporates the 15-year Long Term Financial Plan. The financial projections are reviewed and updated on a yearly basis. This document is available from www.southgippsland.vic.gov.au.

Long Term Financial Strategies

- 1. Target consistent underlying surpluses that provide sufficient funds for both recurrent service level and asset renewal and upgrade requirements.
- 2. Target the Balance Sheet having at least a 1.25 to 1 underlying working capital ratio in the Long Term Financial Plan.
- 3. Transfers to discretionary reserves will only be included in the Annual Budget if matched by an equivalent budgeted underlying surplus in the Income Statement to preserve the accumulated surplus position of Council.
- 4. Material favourable budget variations realised at year's end in a given financial year will be allocated to a general reserve (unless required to finance projects deemed as 'unavoidable') that can be used as a funding source for future one off, unexpected or unavoidable costs.
- 5. Annual transfers of equivalent to 1.0% of rate income are made to the general reserve.
- 6. Annual transfers equivalent to the average interest earned on investments during the financial year are made to all reserves, Loan Reserve excepted.

- 7. Budgeted underlying cash at the end of each year shall be measured by referencing it against the underlying working capital ratio in the Long Term Financial Plan.
- 8. Service level funding gaps will be identified and classified as primary or secondary in nature to clearly distinguish the cash flow requirements of maintaining existing service levels (primary gaps) and for service level enhancements (secondary gaps).
- 9. A series of key financial performance indicators, with appropriate threshold targets, will be utilised to strategically analyse the financial integrity of the Plan. These include:
 - underlying working capital ratio greater than 1.25
 - underlying result greater than 0.0
 - financial sustainability indicator greater than 95%
 - self-financing greater than 20%
 - indebtedness less than 40%
 - total debt as a % of rate revenue less than 60%
 - debt service costs as a % of total revenue – less 5%

Long Term Financial Strategies

- 10. The amount of asset renewal funding required to maintain specified service levels as documented in asset management plans will be updated into the Long Term Financial Plan, subject to the available resource requirements, to ensure that the financial integrity of the plan is not compromised.
- 11. Any new, upgrade and expansion capital work proposals in the first four years of the Long Term Financial Plan must include a lifecycle cost evaluation that identifies the asset's construction, maintenance and operating cash flow requirements as well as the depreciation impact.
- 12. Capital income must only be utilised as a funding source for capital or 'one off' expenditure requirements.
- 13. Council consider borrowing for new capital projects only when consistent underlying operating surplus results are being achieved.
- 14. For borrowings to be considered, projects must have had a full lifecycle cost analysis undertaken, proving that future cash inflows will exceed the cash outlays, or alternatively that the additional costs are quantified in the Long Term Financial Plan and the integrity of the financial strategies are not compromised.

- 15. Where reasonably possible, fees and charges are increased by the same general rates increase until full cost recovery is achieved for direct service provision. Any fees that are not increased in line with the planned rate rise be clearly identified and documented for Council's consideration.
- 16. Any services that undergo service level review process which have non statutory fees and charges will have those fees and charges identified to reflect their level of community benefit which clearly articulates the basis for the fee or charge relative to the service being provided.
- 17. Council consider the most appropriate rating strategy to provide adequate funds to:
 - achieve sustainable underlying surpluses;
 - · achieve sustainable cash flows; and
 - · fund capital renewal projects;

in both the Annual Budget and Long Term Financial Plan to support defined service and infrastructure asset requirements.

The Financial Strategies are reviewed and updated on a yearly basis.

This document is also available from www.southgippsland.vic.gov.au.

The Minister for Local Government the Honourable Marlene Kairouz announced on 21 December 2017 that Victorian council rate increases will be capped to the rate of inflation, 2.25% for 2018/19. The cap is based on Melbourne CPI for the next financial year as forecast by the Victorian Treasury.

Financial Challenges

Although the cap has been set at 2.25%, Council have elected to increase rates at the lower rate of 2.00% for the 2018/19 financial year.

The rate rises in the forward years have also been conservatively set at 2.0% throughout the 15 years of the Long Term Financial Plan.

The key longer term financial strategic performance targets are to:

- Achieve consistent underlying operating surpluses.
- Produce strengthening underlying working capital and liquidity positions.
- Progressively increase funding for asset maintenance / capital renewal expenditure.
- Provide a reasonable degree of consistency and stability in the level of the rates burden.

These initiatives will enhance the longer term financial sustainability of Council to:

- Achieve the strategic objectives documented in the Council Plan.
- Address any infrastructure funding gap issues that may arise.
- Achieve long term financial sustainability, that being, having adequate level of funding for a defined level of services in current and forward budgets.

Financial Resource Requirements

The SRP has a very strong focus on short to medium term financial outcomes. Budgeted statements are documented further in this section.

Budgeting Methodology used for the Standard Financial Statements Strategic Resource Plan

The Budgeted Financial Statements are a subset of Council's 15 year Long Term Financial Plan. It has been prepared at the lowest accounting level within the Council's general ledger system.

At this level, certain accounts are coded for manual adjustment rather than broad percentage increases. For example, election expenses occur only once every four years. It is therefore not possible to simply multiply the previous year's base by a percentage and achieve the same outcomes as presented.

The Reserve Bank of Australia target rate for inflation (as measured in the CPI), is that it remains between 2 per cent and 3 per cent.

Department of Treasury forecasts that inflation will be 2.0 per cent for 2017/18 and 2.25 per cent for 2018/19.

In the following 2019/20 financial year, the default inflation index in the Long Term Financial Plan has been set at 2.00 per cent.

In the following four years it is set at 2.25 per cent and then increases to 2.50 per cent from 2024/25 onwards.

Department of Treasury Wages Prices Index showed a 2.0 per cent movement in 2016/17 and a projected 2.25 per cent n 2017/18.

The employee costs increments have been set at 2.00 per cent from 2017/18 to 2018/19 in line with the Enterprise Bargain Agreement and at 2.50 per cent from 2020/21 to 2023/24 and then at 2.75 per cent from 2024/25 onwards.

It also has factored in the increase in superannuation contributions from 9.5 per cent to 10.0 per cent to occur in 2021/22 and then to increase by 0.5 per cent each year thereafter until it reaches 12.0 per cent in 2025/26.

Fees and charges increases are generally modelled to increase by the same general rates increase until full cost recovery is achieved for direct service provision, where appropriate.

Rates

Although the Minister announced a rate cap of 2.25 per cent in line with inflation, Council has elected to increase rates by the lower amount of 2.0 per cent for the 2018/19 financial year and has conservatively modelled this increase throughout the 15 years of the Long Term Financial Plan.

The garbage and green waste charge will also increase by 2.0 per cent for 2018/19.

Non-Financial Resources

The range of services undertaken by Council involves the abilities, efforts and competencies of 267.03 Equivalent Full Time (EFT) staff. The skill base of Council's workforce is diverse, with staff holding qualifications in areas such as aged care, civil engineering, accounting, health care, planning, building, and other fields.

There are also a vast number of volunteers that provide unpaid assistance across many services of Council.
